**ORGANISER:** Prof Sonawane V Y Production AISSMS COE PUNE

#### **SUMMARY:**

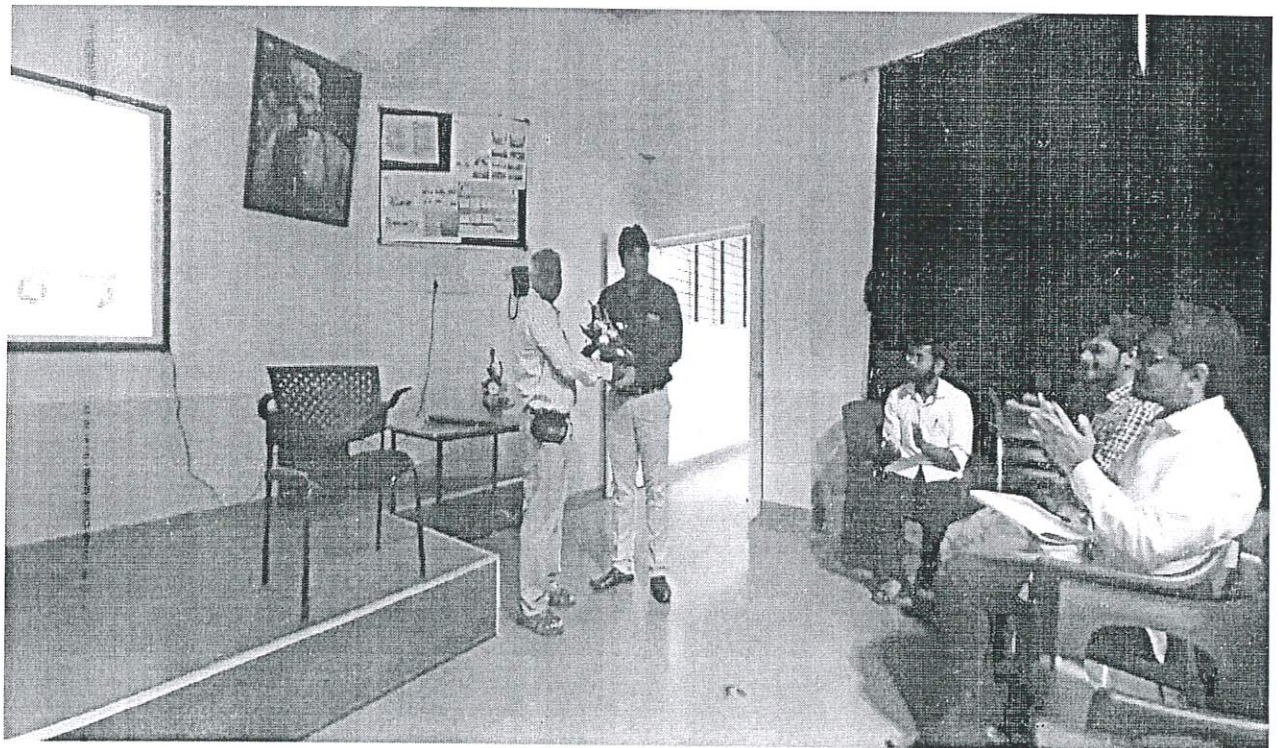

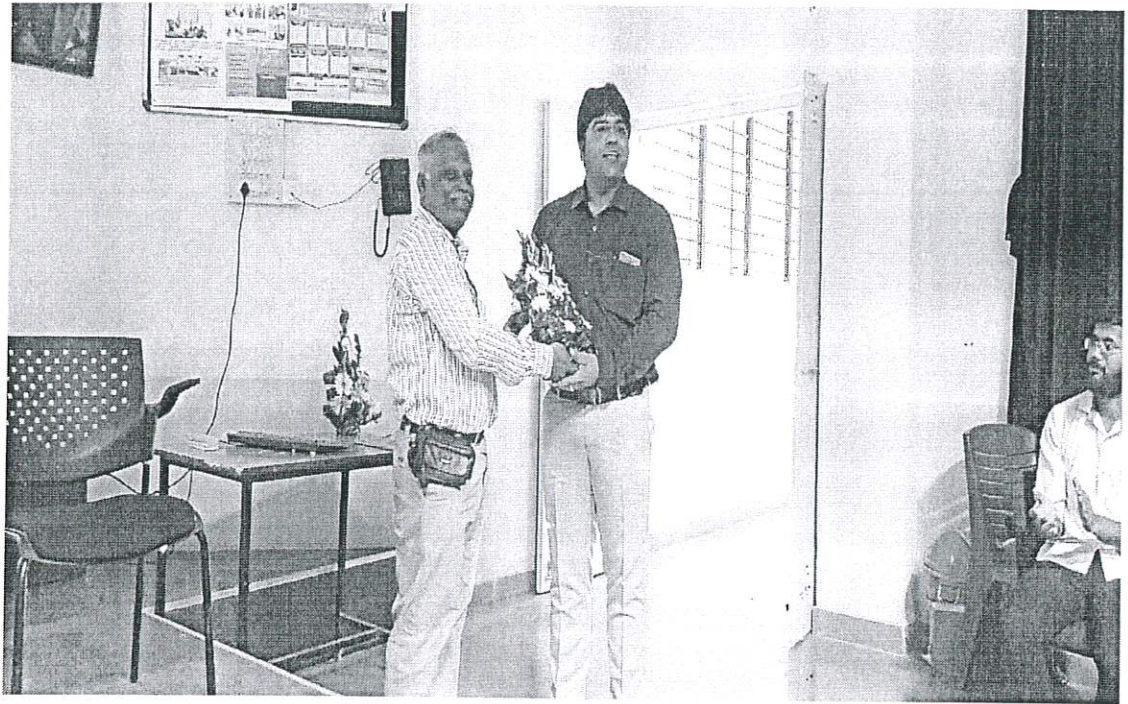

The lecture started with Mr Pratik Kurne giving the students an overview Simulation Technique . He has This was primarily focused on visualization software solutions of Plastic injection Moulding

Next, the wide applications of this production technology were elaborated to the students.. Apart from industrial applications the various applications of this method were also explained. The students were made aware of the widespread use of this technology and why it has compelled its way into mainstream manufacturing. This was followed by a finite Element analysis software by a product of the company. A product specification list of the company, The whole session was concluded by an interactive secession where the students questioned Mr. Abhishek Tiwari about their doubts, opinions and assessments of this rapidly evolving technology.

Subject: Invitation as an Expert Lecture for a session on  
"\_\_\_plastic injection molding".

Respected Sir

With reference to the subject cited above, Department of  
production Engineering of All India Shri Shivaji Memorial  
Society's, College of Engineering, Pune is organizing a  
session on "plastic injection molding" on dated  
\_\_03\_\_/\_10\_\_/\_2019 at 1PM for Class : BE production  
Sandwich Students. The objectives of the session are:

- To understand the Basic Concepts and its applications in the industries.
- The Scope and challenges in the industries.
- To enhance the knowledge and performance of the students.
- To bridge the gap between industries and the academic.

In this regard, we cordially extend an invitation to you as  
a resource person for this session; with your expertise the  
session will prove to be a valuable asset to our students.

With warm regards.

#### SUMMARY:

This expert lecture was arranged for the Mechanics of Materials subject. In third year students will be going in industry for six months training as per the production sandwich structure. Students is required to identify and solve the problems during their training. The objective of having this session is how this topic can help them to do the same in real life situation where the basics are required to solve the problems. During the session sir explain problems related to the industry and how one can innovate a product by using the FEA.

Technical Social Program conducted at Tirupati Steel Works on April 14<sup>th</sup> 2019

The next industry visited was Tirupati Industry on the same day, the program was embarked on by Shravani Dhawala and Vaibhav Karhale who first took the quiz of the workers over there in order to test what knowledge they had about safety. Then, Yash Khairnar took a session which mainly focused on the Industrial Safety and explained why Industrial safety is important and why keeping it is our job. After which again a certificate distribution ceremony was conducted at the same place which was done by the faculty of Production S/W department.

**Respected Sir,**

It gives us immense pleasure in thanking you for guiding Second Year Civil Engineering students. Your guidance was very beneficial to our students in updating their technical knowledge in "Different types of admixtures used in concrete and their working".

We request for your similar co-operation and synergy in future. We are sure, with your active co-operation we will be able to motivate and inspire our students.

Thanking you.

Yours faithfully,

Subject: Invitation as Resource Person for Expert lecture on "Finite element methods" on 30<sup>th</sup> August 2019.

Dear Sir,

As you are aware, AISSMS was established in 1917 by Rajarshi Shrimant Shri Shahu Chhatrapati Maharaj of Kolhapur, with the support of H.H. Late Alija Bahadur Madhavrao Scindia Maharaj of Gwalior to promote the noble cause of education.

AISSMS College of Engineering was started in year 1992. College is running undergraduate program in Chemical, Civil, Computer, Electronics, Electrical, Mechanical, Mechanical Sandwich, Production Sandwich and postgraduate program in Chemical, Structure, Computer, Power Electronics and Drives, Microwave, Automotive Technology and Mechanical Engineering Design.

Department of Civil Engineering has planned the expert lecture on "Finite element methods" on 30<sup>th</sup> August 2019. The Final year (BE) Civil Engineering students will be participating in this lecture.

As you have made immense contribution in this field, we invite you to guide our students as a resource person on 30<sup>th</sup> August 2019.

Thanking you.

**Objectives of Webinar:** To make the Concepts of Cyber Security and legal issues related to same more clear for Computer Engineering students.

**Date of Webinar:** 15<sup>th</sup> September 2020 at 2:00 Pm to 4.00 pm.

**Expert Name:** Mr. Tanmay Dixit

**Expert Organization:** Author and Cyber consultant

**About Expert Lecture:** Computer Engineering organized an Expert Lecture on Cyber Security and legal issues by Mr. Tanmay Dixit to give an idea to students about recent trends in the Field. More than 100 students actively participated in this session.

The key points discussed during this session are:

1. Introduction to Cyber Security
2. Importance of Cyber Laws
3. How to Deal with various Cyber Crime
4. Different legal sections which covers Cyber crimes
5. Importance of a Positive approach in Social Engineering.
6. Precautions and Safety measures.

During student interaction, Mr. Tanmay discussed about What is Cyber Security and its Significance in today's Digital Era. He also explained need of right approach required by students for better and safe approach of social networking.. Mr.Tanmay has also emphasized on the need and Importance of Cyber law and he made sure to clarify all the doubts of Students..It was a Wonderful Session and All the Students have participated enthusiastically in this.

Technical Social Program conducted at JEMS Machine Systems on April 14<sup>th</sup> 2019

A technical social program was organized by the Production S/W department of AISSMS College of Engineering Pune at JEMS Machine Systems & Tirupati Engineering on April 14<sup>th</sup> 2019. This event was coordinated by Prof VY Sonawane, Dr. SH Wankhede, Prof SN Chiwande and Prof SK Bidgar. The participation of both TE and BE students in this event was very coherent and mesmerizing. The program was embarked on by our students Rohan Dangre and Yash Khairnar who gave workers the information on Industrial, Fire and Electrical safety.
