Subject: Invitation for Webinar on Webinar for industry interaction and career opportunities in the tech industry

Dear Sir/Madam

It gives immense pleasure to inform that our Production Engg. Department have Institution of Engineers Students' Chapter. All India shri Shivaji Memorial Society's College of Engineering established in 1984 and we are offering graduate program in eight branches of Engineering. Ours is a reputed Engineering College affiliated to University of Pune, since 1992. You will appreciate that academics needs to be supplemented by better Industry/Institute interaction, say through Guest/Expert Lecture and Industrial visits.

Your expertise and experience in this subject/field of work will be an excellent to our BE/TE/SE Production Sandwich students. Our student will look forward to hearing and learning from your work experience. It is an honour to be able to invite you to be a Guest Lecture for talk on [Webinar for industry interaction and career opportunities in the tech industry]. We are aware of your great contribution to this field of work.

We look forward to your positive response. We request you to convey suitable date and time for delivering lecture in our department.

Thanking You

Yours Faithfully

Subject: Webinar for industry interaction and career opportunities in the tech industry.

Respected Sir,

I, Mr. Yogesh Kondaskar, am the cofounder of Xcubator – The Innovation Hub, a next generation startup accelerator supporting founders, innovators and fresh graduates interested in joining the tech and innovation industry. I am a Tech Innovator, Mentor and Business Executive with 25 years of experience in the IT industry. I have been operating a Software services business for past 14 years, primarily based in Houston, Texas, USA with an office in Warje, Pune.

Xcubator is launching a unique and affordable program for fresh graduates to learn the latest and greatest skills required to get into the IT industry. The USP of the program is the mix of online + onsite method of teaching, which offers the best of both to the students. Our program offers the basic training online and the students come to the center once a week to solve their doubts and form teams to work on projects to build on the knowledge they have gained in the courses.

In my industry interaction webinar, I plan to talk about the current innovation industry trends, the impact of COVID of the job market, opportunities for fresh graduates and the broader future of work in tech industry, so I am confident that the webinar will be helpful to students of all departments.

I would like to do the webinar on 3rd March from 3.30-4.30 pm, so that maximum students can join and get the benefit of this webinar.

I would like to thank you for this opportunity and look forward to talking to your students next week.

Thanks and regards,

National Webinar on (ISO AWARENESS)

In COVID19 pandemic situation Online Expert lectures for SE, TE and BE student was organised by our department on ISO Awareness. The speaker was Mr. Prakash Bhat. The lecture started with Mr Prakash Bhat introducing us to the topic of discussion that was ISO Awareness. ISO stands for International Organization for Standardization. The ISO Organization began in the 1920's as the International Federation of the National Standardizing Associations (ISA). We were introduced about ISO certified organization then process of ISO certification. There are many important stages which are involved in process of ISO certification such as Strategic decision by Top Management, Training on ISO awareness, Implementation of ISO System, etc. After that Mr. Prakash Bhat introduced us about ISO 9000 family. ISO 9000 family

is a set of Quality Management System Standards. And lastly we were introduced about principles of quality management. Questions were asked by the students and session ends with vote of thanks.
