Department of Chemical Engineering

SE Chemical Engineering

Innovative techniques: Mime Drama

Subject: Engineering Materials

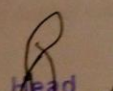

Academic year: 2018-19

Based on good response from last year activity of mime drama, this year the same mime drama activity was conducted on date July 16, 2018 for the subject of Engineering Material, SE Chemical Engineering students. Students were asked to prepare on time the scripts of various mechanical properties of materials such as Elasticity, Machanibility, Ductility, Brittleness, Malleability, Toughness to be performed with a group of 4 four members. The drama activity was performed by 10 groups and other students identified the property based on the mime drama.

With this method, students get easy to learn the concept, so that they can able to write in their own words.

SE Chemical Engineering

Innovative techniques: 2 min speech

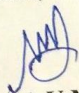

Subject: Engineering Materials

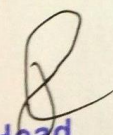

Academic year: 2018-19

It is very important to improve communication skills, stage daring rather than learning only technical things. Thus, after every lecture, students were called to deliver speech on any topic in English only. In this activity, randomly any students were called and he has to deliver a speech of either technical or any other topic. It has been observed that only 10% of students were able to speak and communicate what they want to deliver. 80% students were failed to deliver their message and on 10% students are much dumped in language English.

During their speech, I used to guide them that how you can be a good communicator, where to focus, selection of the topic, gather the audience etc.

Department of Civil Engineering, AISSMS College of Engineering successfully runs the Institution of Engineers (India) Students' Chapter which is in progress since January 2016. This chapter is for students & by the students which organizes various student activities throughout the year.

IEI students Chapter has organized technical activities like Expert Lecture, Site Visits, Awareness Programs, Felicitation of Topper students of passout batch, etc. for the development of students. In year 2018-19, 7 guest and expert lectures were conducted, 18 site visits at various industries were conducted and 15 activities were conducted, which helped students to strengthen their technical knowledge and it also helped to inculcate various other parameters like Ethics and Discipline in them

Guest and Expert Lecture (8)

Under the IEI (Institute of Engineers, INDIA) Students Chapter of CIVIL ENGINEERING DEPARTMENT of AISSMS COE PUNE, a guest lecture was conducted by Mr. Pritesh Deokar on “Various Platforms of Civil Engineering “ on 22/06/2018 in the CITP hall of AISSMS COE.He was our Ex-Student and so he had an urge to enlighten all the students by stating the important aspects related to our career.

Pritesh Deokar Delivering the lecture

Under the IEI Students Chapter of Civil Engineering Department of AISSMS COE, Pune, a lecture was conducted by Mr. Surendra Karpe on “DC Rules & Basics Of Town Planning”The lecture was about the basics on town planning and introduction to DC rulesand how to implement them as a civil engineer. It started with a short introduction of the speaker. As the lecture began, it didn’t take much time to break the ice. He had an urge to enlighten all the students by sharing his experience and knowledge.

Dr S R Parekar Felicitating Mr. Surendra Karpe and C S Misal Felicitating Ingawale Sir

Under the IEI Students Chapter of Civil Engineering Department of AISSMS COE, Pune, a lecture was conducted by Mr. Hemant Joshi on “Durability of concrete.” The lecture was about the concept of durability in concrete and factors affecting it. As a civil engineer it is very important to understand the concept of durability of concrete and to have through knowledge about this topic. The lecture started with a short introduction of the speaker. As the lecture began, it didn’t take much time to break the ice. He had an urge to enlighten all the students by sharing his experience and knowledge.

Industrial Visits (19)

The site visit under the subject Building Technology and Materials was arranged today at residential site located at Prabhat Road. Visiting a real time construction project allows to develop a greater understanding of how civil engineering theory is put into practice. The purpose of site visit was to get on field experience and get a brief idea of how things actually work on site.

Faculty and students on site

The site visit under the subject Building Technology and Materials and Geotechnical Engineering was arranged today at residential site located at Amar Landmark, Baner Road. Visiting a real time construction project allows to develop a greater understanding of how civil engineering theory is put into practical. The purpose of site visit was to get the field experience and get a brief idea of how actually work done on the site.

Site Engineer explaining to students

Under the IEI Students Chapter of Civil Engineering Department of AISSMS COE, Pune, a Site Visit to Forest Trails at Bhugaon was conducted to study the water treatment process at their water treatment plant. Mr Jagtap Sir, Mr Nikam Sir, Mr Patil Sir guided us to the water treatment plant and explained us the whole process first. The capacity of water treatment plant is 1.8 MLD. One WTP is provided for whole project.

ELECTRICAL ENGG DEPT

ENGINEERING TODAY 2018

WATTS 2K18

EVENT CODE: **EL1**

EVENT: **TECHNICAL PAPER PRESENTATION**

The **Department of Electrical Engineering**, in association with **Engineering Today '18**, organized and held one of its most innovating events, namely '**Technical Paper Presentation**'. This event was based solely on technical aspects of science and technology, and was arranged to promote the departmental events under the common banner- '**Watts 2K18**'.

The judging panel comprised of **Prof. S. Powniker (AISSMS IOIT)**, **Prof. V.S. Ponshe (AISSMS COE)** and **Prof. S.K. Biradar (AISSMS COE)**. The event saw a moderate entry of **five participants**; one of the participants represented SKN COE, while the remaining represented their parent college, AISSMS COE. The event was initiated without much delay, and what followed next was worthy of a standing ovation.

The speakers came ahead, one after the other, and delivered their respective presentations without a waiver. Their obvious preparations, confidence and skill were openly visible to all who witnessed the event. They spoke with conviction and that won the judges' heart. The entire atmosphere was electrified, on account of the topics that were talked upon, such as '**Industrial Automation**', '**EV Utility Impact & Regulatory Interventions**', etc. What followed next was the question hour. The participants gave their very best, in an attempt to bag the winner's title.

PRINCIPAL
ALL INDIA SHREE SHIVAJI MEMORIAL SOCIETY'S
COLLEGE OF ENGINEERING
KENNEDY ROAD, PUNE-411 001

Even the judges found it hard to zero-in on a winner. But among all the participants, **Anurag Lambor (AISSMS COE)**, who presented the topic '**Automatic Gate Operating System**' was declared the winner. The runner-up was declared to be **Prasad Chopade**, who gave a presentation on '**Multi Utility Hybrid Cooler**'. Suggestions were given to improve the footfall of this event, one of them being spreading awareness about the IEEE format at the institute level. Special mention goes to **Shubham Kale** and **Piyusha Jondhale** for a successful organization of the event, along with all the respective event volunteers.

COLLEGE OF ENGINEERING
KENNEDY ROAD, PUNE-411 001

EVENT CODE: **EL2**

EVENT: **PIRATES OF WIZARD**

Pirates of Wizard was a technical event based on circuit analysis, and building of circuits. It consisted of three rounds. First round was based on general aptitude related to electrical branch, consisting of 15 questions, which was conducted on paper. Second round was based on analysis of circuits and connection of exact circuit. Third round was actual design of circuit from given components to get desired output. Both second and third rounds were timer rounds.

A total of 14 teams were registered for the event with two students in each team. Thereafter, 8 teams qualified for round 2, followed by 4 teams, who qualified for the final round. Prizes worth Rs.6500 were distributed to winners this event.

COLLEGE OF ENGINEERING
KENNEDY ROAD, PUNE-411 001

EVENT CODE: **EL3**

EVENT: **TECHNICAL CROSSWORD**

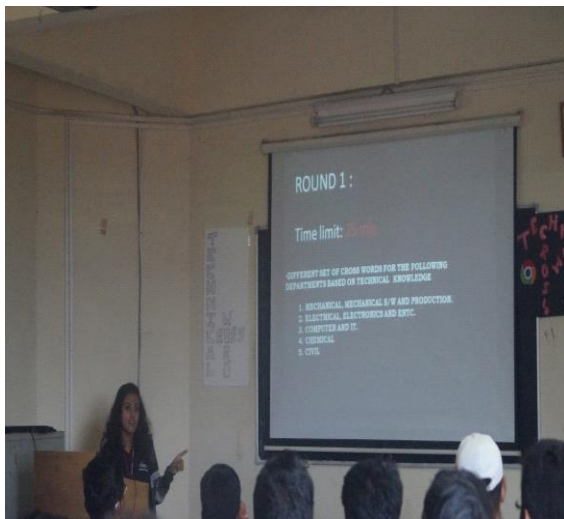

The Electrical Department of AISSMS College of Engineering, Pune held the '**Technical Crossword**' event for all enthusiastic and interested students, as part of the Engineering Today 2018, which is celebrated annually in the month of September. The event was conducted on **Monday, 10th of September**. This event saw a registration count of **28 teams**, including spot entries and participation from other colleges as well.

The event consisted of a total of three rounds, all of which were knockout rounds. Once the event was initiated, it was a sight to behold. All participating teams racked their brains, trying to fill in the empty rows and columns, and it was a matter of time before the set time limit was up. Although question papers were set differently to allow participation from all branches, the general opinion suggested a challenging yet fun choice of questions. And this was followed by result declaration, and almost immediately, the second round was started. Although the participant count further into the next rounds reduced gradually, the enthusiasm level remained unaltered, and on the whole, the event coordinators faced no issues during the event.

At the end of the third and final round, based on their current score, the team of **Nikhil Jadhav and Adinath Suryawanshi** were picked as the winners. With not much score difference from the winning team, the team of **Suvedh Pawar and Amet Nikam** were declared as the runners-up to this event. The much-awaited cash prizes of **Rs.5000** and **Rs.3000** were awarded to both teams respectively. All appreciation and kudos go to Mohan Patil and Bhushan Ghodake, the event coordinators. Along with their event volunteers, they managed to pull off this event without any issues; much was talked about their great time coordination and arrangements.

EVENT CODE: **EL4**

EVENT: **NEED FOR SPEED**

PRINCIPAL
ALL INDIA SHRI SHIVAJI MEMORIAL SOCIETY'S
COLLEGE OF ENGINEERING
KENNEDY ROAD, PUNE-411 001

The event was organized by WATTS (Electrical Engg. Dept.), 13th Engineering Today 2018, under the guidance of Asst. Prof. C.D. Kulkarni sir on 10th September, 2018. The prize money of the event worth Rupees 8000 which includes 1st prize of Rs. 5000 & 2nd prize of Rs. 3000. The summary of the event is as follows:

Total No. of Entries: - 42 (Central: 19 On spot: 23)

1st Winner: - Shubham R. More, DY Patil, Ambi

2nd Winner: - Anuj Kadam, AISSMS COE, Pune

EVENT CODE: **EL5**

EVENT: **PARACHUTE PANIC**

PRINCIPAL
ALL INDIA SHRI SHIVAJI MEMORIAL SOCIETY'S
COLLEGE OF ENGINEERING
KENNEDY ROAD, PUNE-411 001

The event was scheduled on **11th September at 11 am**. It was a non-technical event. It was related to basic concepts of engineering, physics and balance. Event was conducted branch wise which include 4 rounds.

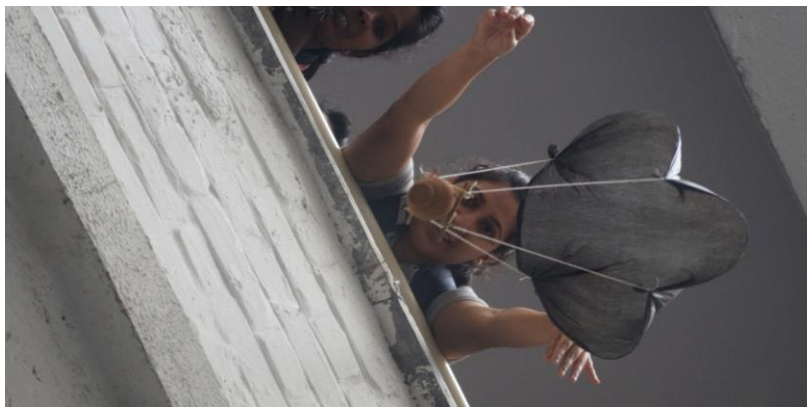

This event aroused feelings of excitement and fun among all participants and audience. As the levels (literally) of the event went up, more and more were the eagerness to find the perfect balance master. It was tough and challenging, both at the same time, but at the end of it, students found it hard to forget about their mistakes. To say the least, one big gain from this game was that the participants learnt from their mistakes, and walked away with a much aware version of themselves.

The event concluded within the expected time, and many promised to come back the following year, with better preparations and with an aim to bag the winner's trophy.

Number of entries: **42 (includes 30 spot entry and 12 central campaigning)**

Winner: **Vaibhav Jagtap** (Mechanical Engineering)

Runner-up: **Shubham Anawade & Nihar Kamble** (Electrical Engineering)

EVENT: **BRAIN POP**

The event was scheduled on the 11th of September, at 11a.m. It was a technical event, and was related to engineering syllabus. The event was conducted branch-wise, which included three rounds and each round was based on MCQ, one-line answer and aptitude tests, respectively.

Number of entries: 32 (Includes 24 spot entry and 8 central campaigning)

First winner: Rigved Kelkar and Gayatri Kulkarni (Electrical Engineering)

Second Winner: Vaibhav Jagtap (Mechanical Engineering)

PRINCIPAL
ALL INDIA SHRI SHIVAJI MEMORIAL SOCIETY'S
COLLEGE OF ENGINEERING
KENNEDY ROAD, PUNE-411 001

EVENT CODE: **EL7**

EVENT: **LICENSE TO KILL**

On the 10th of September 2018, the Electrical Department of AISSMS COE, Pune, organized a non-technical event named as License to Kill- The Laser War, under WATTS 2K18, for all engineering and non-engineering students as a part of 'ENGINEERING TODAY 2K18'.

The laser war match was between two teams. Each team was consisting of 3 players. The time duration for each match was five minutes. Jackets were provided to each player along with a laser gun. The jackets contained photo diode plate, a buzzer, five LED strips, Arduino, batteries, relay, 9V to 12V converter circuit, etc. All these were mounted on each individual jacket. When the player hit the photo-diode plate using the laser gun, the LED would glow and buzzer would start sounding. There were maximum five shots allowed to single player. When all LEDs from jacket were lighted, that player would then be considered dead; he/she would not be able to operate laser gun from thereon, meaning laser gun would automatically switch off by tripping the relay. The winner was decided according to the count of remaining shots per player in a single team.

Event Coordinators: **Mukesh Patil, Prajakta Ghorpade, Pratik Chaudhari**

Total no of entries: **26 (including 18 spot entries and 8 from central campaigning)**

Winners: **Arbaaz Khan and Team.**

Runners Up: **Rigved Kelkar and Team.**

Awards: Rs.5000 (1st prize)

Rs.3000 (2nd prize)

SCIENCE EXHIBITION

Date 12th September 26, 2018 10:30 AM

This Event was held on 12th September 2018 at 10:30 AM. The theme of the Event was “**INTO THE FUTURE.**”. The main motive of the Science Exhibition was for students to answer the question or task, not from the textbook but look out themselves, by creating a range of Model & Charts. The Exhibition Consisted of Renewable Energy Sources Model. The Exhibition Exhibited all about the Future need of Renewable Energy Sources.

The Event was inaugurated by **Dr. M C Uttam, Hon. Director**, ISRO-UoP Space Technology Cell, Pune University.

The Exhibition exhibited projects like:

- Hydro Power Plant
- Tesla Coil
- Wind Power Plant
- Self-Energized Green City
- Hybrid Vehicle

Along with The Chief Guests & Faculty members Student Visitors of various age group acquired knowledge about practical aspects of renewable energy & appreciated the Exhibition.

Conveners: **Mrs. P. Sankala.**

Mr. L.S. Godse.

Student Executive Members: Mr. Narendra S Kamble

Miss. Tamanna Attar

DEPARTMENT OF MECHANICAL ENGINEERING INSTITUTION OF ENGINEERS (I) STUDENTS' CHAPTER

Nature of the activity: Poster Presentation Competition

Topic/Themes:

1. Man machine Environment
2. Rural and Agricultural Development
3. Advances in automobile sector

Activity level: Inter-department activity

Objective of the activity: To get awareness among students, and to improve presentation skills, to make available platform for students to present their ideas through this competition.

Date and Timings: 27th August 2018, 1 to 2 PM.

Venue: Mechanical Department Seminar hall

Coordinator: Prof C S Choudhari, Prof S S Patil

Student Coordinators: Mr Kunal Choudhary , Ms Aditi Jadhav

No. of students Present: 35

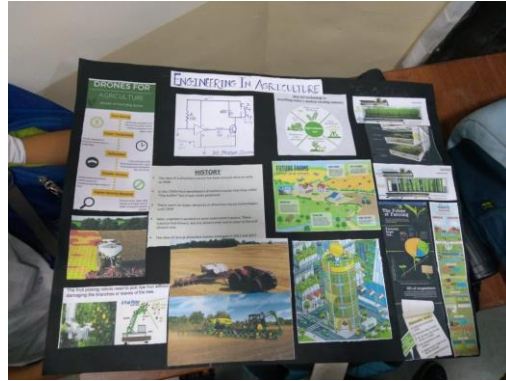

Faculties Involved: Dr C S Dharanakar, Dr M S Deshmaukh, Prof G B Narkhede

Outcome/Result: A positive response from students was received. This activity provided wide spectrum of knowledge and awareness towards current social issues. Innovative ideas presented by participants were appreciated by judges and audience students also. Participation certificates issued to all the participants.
