Project Timeline:

For the most efficient results a strict timeline within the team was followed:

- The design phase of both the aircrafts for Regular and Micro class was completed between September to November of 2019. It also included the CFD and Structural analysis.
- Then the team started with manufacturing of the aircrafts which was completed by the end of December 2019.
- The flight tests were started from January 2020 and around 3 to 4 successful test flights were carried out.
- The Design Report was being prepared from October 2019 and was submitted to the ADC in the month of December.

Competition Details:

- The competition was held at Bannari Amman Institute of Technology situated in Coimbatore, Tamil Nadu.
- A total of 147 teams participated including both Micro and Regular class.
- The first day (28th Feb 2020) of the competition was devoted to technical presentation.

- Technical inspection of all aircrafts started on the second day (29th Feb 2020) and simultaneously the flight rounds were being carried out.
- The third day (1st March 2020) consisted of flight rounds of the remaining teams and the award distribution ceremony was held thereafter.
