**Preamble:**

All India Shri Shivaji Memorial Society's College of Engineering has constituted a 'Women's Grievance Cell' as per the orders of the Supreme Court (Vishaka Judgement), 'Sexual Harassment at Workplace Act, 2013' rules with the aim of promoting gender equality and women empowerment among students and staff members. The cell takes care of the grievances of girl students and female staff members related to gender discrimination, violence and sexual harassment on the campus. 40% at our engineering college are female faculty and girl students. It is dedicated to create an environment on the campus where every female feels safe.

Objectives of Program:

- ❖ To provide an environment free of gender-based discrimination, where men and women work together with a sense of personal security and dignity.
- ❖ To disseminate knowledge about rights and laws related to women.
- ❖ To create awareness amongst students about the issues related to the youth, particularly in girls.
- ❖ To enhance the self-esteem and self-confidence of girl students, women faculty and staff.
- ❖ To create awareness amongst students about the problems faced by women due to gender issues.
- ❖ To foster decision-making ability in girl students for making informed choices in areas like education, employment and health.

Functions:

The Vishakha Guidelines were a set of procedural guidelines for use in India in cases of sexual harassment. They were promulgated by the Indian Supreme Court in 1997 and were superseded in 2013 by the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

AISSMS College of Engineering, we strongly believe that women and men have right to live as free and equal human beings and this equality should exist in all areas of life. All the activities conducted by the cell are directed towards successful execution of this goal.

It's an honour for IEI Student Chapter to conduct another successful episode of expert talk during this time of pandemic.

Being able to provide students the best of opportunity and platform of knowledge and experience is what our focus is. In this era where communication skills play a great role in achieving any goal we conducted this workshop focusing on how to develop these skills.

We were thankful to Mrs. Pragya Bhajpai Mam to held a two days workshop for students across the country.

Inculcating the ethic of working as global leaders in the students which are the future of the country was the mission of this workshop.

The session was very interactive and students participated enthusiastically. The guest speaker shared her experience and explained the importance of communication skills. Students were giving a very attentive ear to the session. Various points were covered in the presentation. Right from what things affect the communication skills and how should to understand and figure them out was taught and explained by giving a simple activity and examples.

Later there was detail explanation about the types of communication and it's affect. Right from body language which is a non verbal form of communication to

Dr. D. S. Bormane
Principal

the words that should be used while drafting a mail .

How a smile can change the scenario at any place was also explained with wonderful examples. A very experience wise enriching and beneficial presentation it was in short.

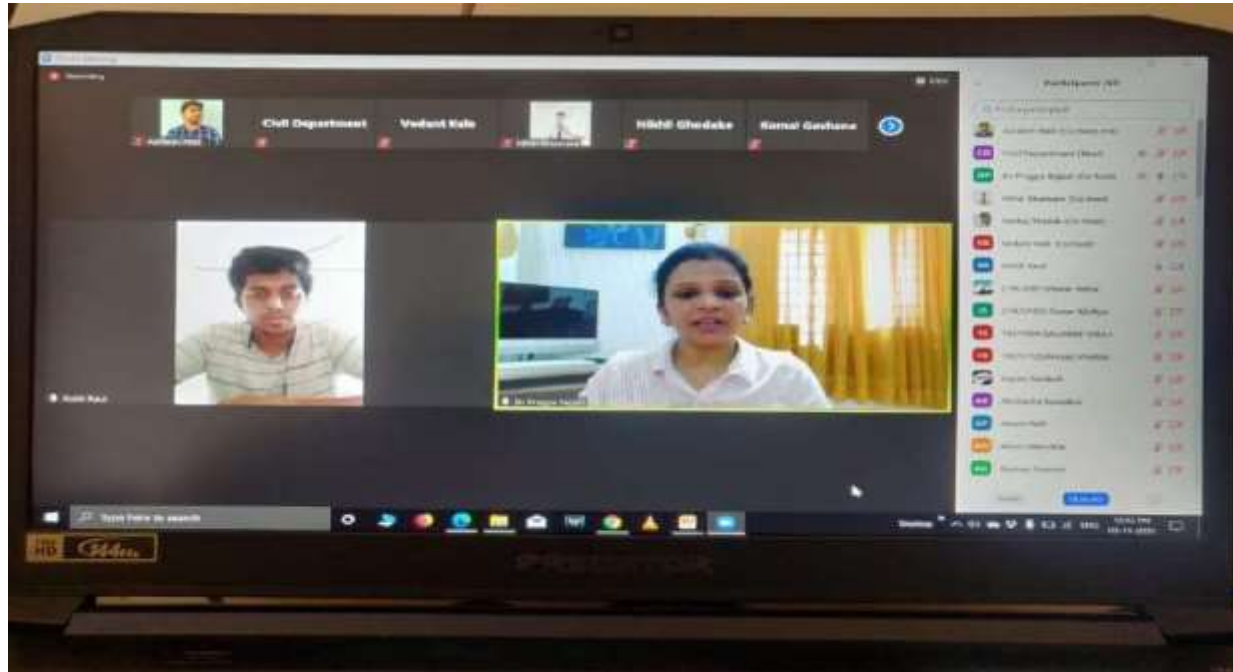

After the presentation, a question session round was held, the host presented the questions to which very precise answer was given by the expert. The expert made sure that she clears all the doubts of the students.

Feedback link was shared at the end of the webinar. As per the received feedback, participants found the session very interesting and helpful as the session helped them taking a brief decision about their future

Vote of thanks was presented by the host at the end of the first knowledgeable day. Students were eagerly waiting for the second day session to begin.

The day two of the “Employability skills development” series started with great response from the students, as it was witnessed more participants than the first day.

The session started with the Speaker Dr. Prajya Bajpai continuing from where she had stopped at the end of the first day.

Dr. Prajya Bajpai, first, spoke about topics like “How to be a good speaker” in which she explained about various important factors that makes a speaker come out as a Good Speaker such as Avoiding monotone voice, taking a value pause, maintaining an eye contact, avoiding nervousness, etc. students eagerly listened to what she said and noted down all the important points.

The next topic on which the speaker spoke about was “How to be a good presenter”. Under this, factors like command over the topic, desire to teach, addressing the need of audience, paying attention to questions, being confident, all these factors were discussed in great depth.

The last topic that the speaker chose to speak upon was “Fear of Failure”. This was something which every student wanted to know on how to tackle it. The speaker first explained the various factors that make a person come out as a bad speaker

Dr. D. S. Bormane
Principal

such as stage phobia, fear of making mistakes, speech or performance anxiety etc. Speaker then went on to explain the various ways in which a person can tackle all of these things.

Students noted down all the important points and were very curious to ask some questions. The question-answer session began with a lot of questions pouring from the students' side. The host presented the questions and explicit answers were given by the speaker.

Feedback link was shared at the end of the webinar. As per the received feedback, participants found the session very interesting and helpful as the session helped them taking a brief decision about their future

Vote of thanks was given by the host and this marked the end of the "Employability skills development" series.

A screenshot of a webinar slide titled "CONTI...". The slide contains a list of seven tips for public speaking:

- Speak to the audience NOT to the visual aids
- Avoid monotone voice
- Do not use pointer like a sword
- Value pause
- Move around and talk to people
- Focus on your goal
- Avoid digressions
- Be ready with a plan B
- Audience's interest and concerns are imp
- Work hard for 'graveyard' session/section

Two motivational images are included: one showing a green mug and a note that says "Fill your mind with positive thoughts.", and another showing a woman looking thoughtful next to a sign that reads "POISE IS BEING ABLE TO FEEL FEAR AND NERVOUSNESS AND PERFORMING ANYWAY". A small video inset in the top right corner shows a person speaking.

Dr. D. S. Bormane

FEAR OF FAILURE

- A phobia
- Speech anxiety
- Shyness
- Performance anxiety
- Stage Fright is the biggest enemy of a presenter
- It ruins voice, posture, ideas
- It ruins impression

EFFECTIVE PRESENTER

- Must have command over the topic
- Must have intense desire to teach
- Must demonstrate to the audience that he/she cares for them- Passion
- Inspiring and intriguing
- Address the need of the audience
- Use range of strategies and ideas
- Serious attention to questions

Guest Lecture on “Career Opportunities after Engineering” BY MR ANAND KUMAR

On the 04June 2021, the Civil Engineering Department of AISSMS COE arranged a guest lecture by Mr. Anand Kumar (Assistant Professor ACE Engineering Academy)

The students of the Civil Department attended this lecture with a great enthusiasm and curiosity about what the guest is going to speak about. Firstly, Faculty Co-Ordinator, Mrs. M S Chiwande welcomed and introduced the guest.

Sir told the students about the importance of the GATE exam, why GATE should be given and what are the benefits of the exam. Sir has also gave information about other competitive exams like PSU, MPSC etc. and how GATE preparation will be beneficial to score good marks in all other exams. Sir given information about all the government schemes and how to get benefit of it.

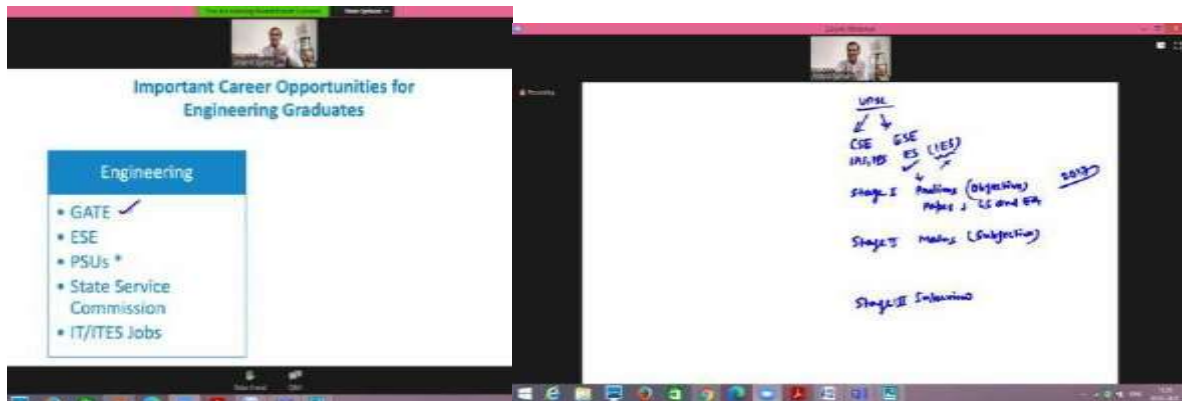

Paresh sir has also guided students to secure their seat for MS in Germany and other countries. A lot of guidance was given on the Syllabus, pattern and score of the GATE exam. Overall, the session was full of necessary information required to score good marks in GATE exam.

The students of SE, TE and BE attended the session and took benefit from sir’s knowledge. Total **54** students attended the session.

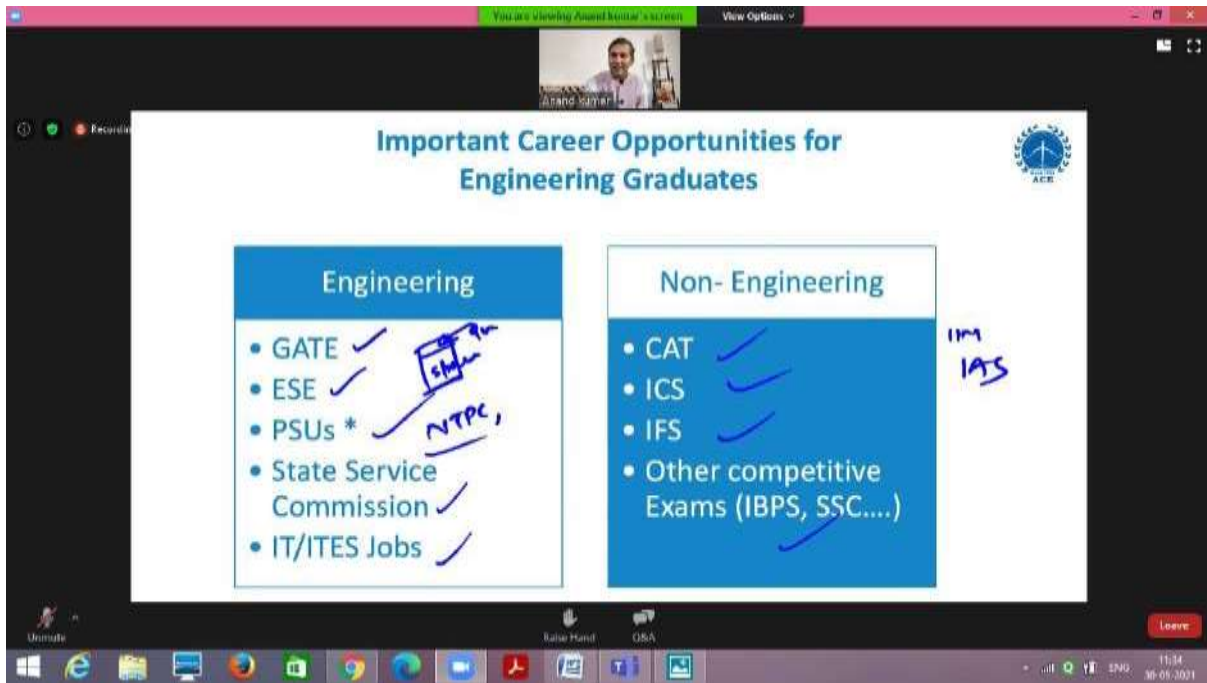

At the end the session concluded with a grateful vote of thanks.

SESSION SUMMARY

AISSMSCOE, Department of Civil Engineering, Pune organized an Expert talk on 'Soft Skill: A must have assets for Engineer' on 20th March 2021 at 10.30am. The speaker of the webinar Dr.Utpal Ganatra,MA, MPhil,PhD(English) ,CTE-BAOU,TKT-Cambridge, lecturer in English-G.E.S(Class-II), Government Polytechnic, Dahod-Gujarat, Certified trainer in MEPSC AND BOSCH.The lecture was attended by students, faculty members and HOD Mr. Awari Sir of (Civil Department).

REPORT

The guest lecture was heartily welcome by Vaishnavi Chumbalkar. The guest speaker Dr.Utpal K. Ganatra is serving as a Lecturer in English and Contributor Personality Development Programme at Government Polytechnic, Dahod.He also worked as Assistant Professor of Communication Skills at St. Stephen Institute of Business Management & Technology, Anand. Dr.Utpal was a Visiting Faculty of

Dr.D. S. Bormane
Principal

English Smt. S. I. Ipcowala College of Commerce, Petlad.

The session was very interactive and students participated enthusiastically. Opinions, thoughts, experiences and suggestions were shared by the expert Dr. Utpal with the attendees. Why most of the Engineers are unemployed? was discussed by the expert. The expert discussed the following topics in his presentation like unemployment, external personality, internal personality, hard skill, soft skill, communication skill, leadership quality, problem solving, intuition and logic, adaptability, curiosity, time management, agility, humility and patience, etc

“Scientist study the world as it is, Engineer create the world that has never been”. Sir further added “Graduates are collecting their degree despite not being skilled enough to be a productive part of Indian economy”. Sir advised students to develop themselves in such a way that companies should approach them and will hire them. Sir friendly and motivational talk made our students engrossed in the webinar. Sir explained students how internal personality is equally important to external personality giving example of a ice cream cone. Sir explained that developing external personality is like watering the leaves whereas developing internal personality is like watering the roots.

‘If you can breathe on your own, you can also learn on your own’. By saying this phrase Utpal Sir motivated students to be your own teacher. Sir explained hard skill, soft skill and communication skill while giving different example. Sir explained his presentation by giving different and unique example which made the guest lecture exciting and interesting.

‘Leaders are readers, readers become leaders’, this was the motto given by Sir. ‘You can lead a horse to water...but it has to drink’, Sir advised students to read more and more and guided students to update themselves regularly. Dr. Utpal Sir made sure that he clears all the doubts of the students.

Vote of thanks was given by Ritesh Tanpure. Megha Chiwande Ma’am presented a small token of appreciation towards our valuable guests and the webinar was concluded at 12.15pm by HOD Awari Sir by expressing his gratitude.

Feedback link was shared at the end of the webinar. As per the received feedback,

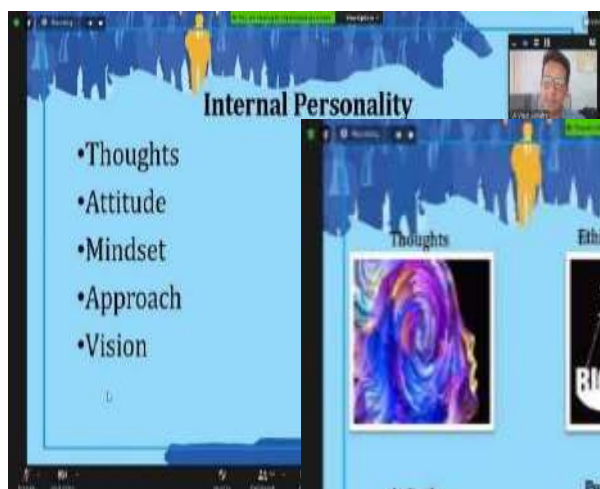

Dr. D. S. Bormane

He appeared for MPSC in 2003 and achieved first rank in cadre, then he was appointed as a Finance and Account Service officer by the State government. He then embarked on his journey as an Additional Treasury officer for 2 years. He was also a Naib Tahsildar (2011-2014) for 3 years after bagging 1st rank in cadre appearing for UPSC exam .He also bagged Special-Service award in 2019 and internal security medal of central government in 2020.

The session was very interactive and students participated enthusiastically. The guest speaker shared his experience and explained to the students how he cracked every competitive exam he appeared for. He gave detailed information about different competitive exams like GATE, UPSC, MPSC, CAT, IES etc .As a bureaucrat himself he explained the perks as well as downsides of a civil servant. He advised the students to self-analyze themselves before taking the exam and recommended the book 'IKIGAI' to help analyze themselves.

Sir added "Remain flexible and improve situational awareness." He broke down each stage of the civil services exam and guided them how to approach each stage .Sir further added "Self discipline and single minded devotion should be your mantra". "Health should be the utmost priority", he exclaimed .He also advised not to follow 'herd mentality'

while taking decisions in life .He finished the presentation by saying that aspirants must use social media very wisely for preparation as it can be both a boon and a distraction.

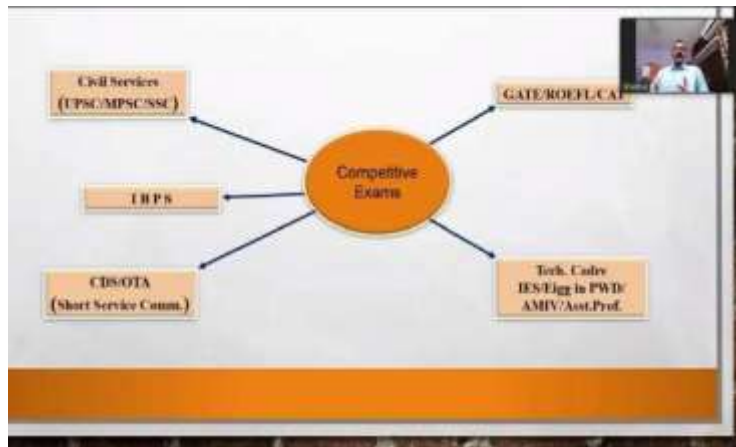

After the presentation, a question session round was held, Adnan and Ishani presented the questions to which a very precise answer was given by the expert. The expert made sure that he clears all the doubts of the students.

Vote of thanks was given by Ishani Toradmal. Sonal Chavan Ma'am presented a small token of appreciation towards our valuable guests and the webinar was concluded at 1:00 pm by HOD Awari Sir by expressing his gratitude.

Feedback link was shared at the end of the webinar. As per the received feedback, participants found the session very interesting and helpful as the session helped them make a brief decision about their future. It was indeed a brainstorming session through which students could take away key points and induce them in their life.

REPORT

The guest lecture was heartily welcome by Vaishnavi Chumbalkar. The guest speaker Ms. Kiran Somvanshi is a business journalist at the Economic Times; she has published more than 1200 articles on Economy. In 2017 the US department of state selected Ms. Kiran for the Fulbright Humphrey fellowship at the Arizona State University. During her Fulbright fellowship, Ms. Kiran worked with the World Bank and the UNDP and also collaborated on research published in the Brookings Institute.

The session was very interactive and students participated enthusiastically. Opinions, thoughts, experiences and suggestions were shared by the expert Ms. Kiran with the attendees. As well as Scope in different fields after the graduation in BE Civil was discussed by the expert. The expert delivered the following topics in her presentation like Real estate/Construction, Redevelopment, Renewableenergy, Transportation Engineering, Town planning, Agriculture, Entrepreneurship and Artificial intelligence.

“Sky is the limit if you are ready to take the risk”, Ma'am further added 'If u want to be in limelight be unique'. She advised students to develop themselves in such a way that companies should approach them and will to hire them. Her friendly and motivational talk made our students engrossed in the webinar. She motivated the students to do entrepreneurship. She guided the students for taking a precise and wise decision before staring up anything. She advised the students for perceiving passion rather falling prey in 'peer pressure'.

After the presentation, a question session round was held, Vaishnavi presented the questions to which very precise answer was given by the expert. The expert made sure that she clears all the doubts of the students.

Vote of thanks was given by Sanket Patil. Sonal Chavan Ma'am presented a small token of appreciation towards our valuable guests and the webinar was concluded at 1:00 pm by HOD Awari Sir by expressing his gratitude.

Feedback link was shared at the end of the webinar. As per the received feedback, participants found the session very interesting and helpful as the session helped them taking a brief decision about their future.

It was indeed a brainstorming session through which students could take away key points and induce them in their life and improve their skillset. At the conclusion of the conference, HOD Awari Sir expressed his gratitude.

AGENDA

- Introduction
- Address by HOD (Comp. Dept) Dr. D P Gaikwad
- Address by I3 coordinator Dr. P B Nangre
- Introduction of guest by Mr. S G Dhengre (Asst. Professor)
- Keynote session by Guest speaker Mr. Amit Bandil
- Q and A session
- Vote of Thanks by Shrikant Dandge

The event began with Mr. Bhaskar Soman, welcoming everyone. This was followed by Address by HOD of Computer Engineering Department, Dr. D P Gaikwad. He briefly introduced the gathering about the various activities conducted under Comp department.

Dr. P B Nangre (I3 coordinator, AISSMS COE) addressed the session. He gave information about various activities conducted under III such as I-Connect etc.

The guest speaker for the session was introduced by Mr. S G Dhengre (Asst Professor, Comp Dept). Then the session was handed over to the Guest speaker. Guest speaker started the session with introduction of 'Cloud Technology'.

Cloud computing technology allows **people to use the digital resources stored in the virtual space by way of networks** – often satellite networks. It allows people to share information and applications across the internet without being the restriction of their physical location.

He gave the knowledge of cloud technology, Application design, Service and Procurements, Cloud in IT, Cloud service and Deployment Model, Cloud Definition, Difference between cloud services, Top 10 clouds, Services provided by cloud-AWS.

The demo working of cloud service was shown during the webinar. This session was very much informative. The questions were asked by audience and all of them were answered in session itself.

The Vote of Thanks was delivered by Mr. Shrikant Dandge. The photograph was clicked at the end and link for feedback form was provided in the chatbox.

ABOUT THE UNIVERSITY

LUT University is an internationally recognized organization bringing together technology and business since 1950, making 2nd in Finland and the top 300 universities globally. LUT University offers 23 Master programs, including Engineering, Business, and Industrial Engineering and Management. In addition, Finland ranked 7th globally as the most innovative country in 2021. A big part of this success is Finland's Challenge-based learning (CBL) approach. As a part of this system, students perform real projects with companies to deliver solutions as part of their course assignments. The session will demonstrate real case studies of problems students solve at LUT University and the learning approach to students considering Higher Education abroad. Moreover, the session creates awareness and inspires students to expand their Higher Education options to countries like Finland instead of other nations.

TOPICS TO BE COVERED IN THE SESSION

- Achieving Problem-Solution Fit & Product-Market Fit through CBL.
- Challenge-based learning (CBL) approach at LUT university
- Sharing the experience at LUT and Information on LUT University and Finland
 - Range of Master programs offered to specialize in Innovation and Technology
 - Case studies of actual projects at LUT
 - Availability of scholarships: Debt-free Education opportunities
 - Job opportunities and career prospects
 - Knowing the difference in education in the United States vs Finland

WHY SHOULD YOU ATTEND?

- Learn about the Innovation through Challenge-based learning approach.
- Higher Education system in Finland
- Be aware of Finland and LUT University as alternative options to pursue studies
- Learn about unique Master's programs built for Innovation and Technology
- Learn from the firsthand experience from an Ex-AISSMS student on Finland's education for over 2 Years

🌟 Greetings of the day!!! 🌟

Prof Bhushan V. Adhav was invited to the dais and Conveyed the presentation &

lecture on the Topic:

"Financial Literacy".

Instead of a normal and long lecture, sir delivered a lecture in a unique way with a beautiful presentation having the question we generally stumble upon in our day-to-day life about the financial management or financial crisis. Questions like How to earn? when to earn? why earn?

He started with a question what is financial literacy & what according to you is being rich.

He said buying fancy clothes, luxury cars, big houses are the things we humans crave for but that's not richness, The real richness is different "Richness is getting actual clarity about the decisions regarding money" Realizing the power of money and operate and control the money, he added. Make money work for you. And make your income more than your expense.

Sir explained how there is two essential science in life 1. Psychology which guides one to mental peace and most importantly happiness. 2. Economics which make one rich. He called these two sciences Vitamin M2 i.e. Mind & Money. Further, sir introduced a concept called V2MOM to deal with the crisis in life i.e. V- Vision, V- Value, M-method, O- Obstacles & M- Measurements.

Sir told how to be an active man rather than an acting man. Don't put a mask on and "Pretend" to be rich. Instead of "Work" on the Face and be Rich. he gave an example of three friends and how their life decisions changed their financial status. He said earn and invest don't settle make your cash flow going. He said don't try to be horses be the charioteer with the strong horses.

He told to understand the difference between want and need. Again he gave an example of Alexander The Great who Conquered the world said while dying that to show off my empty hands when I will be taken for the burial, showing the world that I am dying empty hands. But he made achievements and he established a victory. This is the difference, we have to set an example before we die. There were many more things sir talked about with words of motivation.

A QnA session was done, sir answered everyone's question clearly. Everybody was so happy and excited after attending the session. It was a golden knowledge shared by sir to all of us on a topic which is really hard to learn and most important asset of the life.

Finally, the vote of thanks was proposed by Ms. Sakshi Petkar, Department Coordinator (Civil Dept.)

And the program was concluded. The feedback link was shared and all the participants were awarded a participation certificate after filling the form.

Outcome of the
activity

The program started with garlanding the statue of Shri. Chhatrapati Shahu Maharaj. The speaker, Chief guest and Chair-person were felicitated by Principal Dr. D S Bormane, HOD Dr. U R Awari and Convener of program Dr. P B Nangare. Then Principal addressed the gathering and focused on the achievements of Institute. Mr. Bhujbal then addressed the gathering. He focused on use of various water conservation techniques and importance of the same. Then Mr. Kanjalkar expressed his thoughts on various activities done by Water Resource Department. Then the students presented the various activities conducted by IWWA Students Chapter. The students chapter committee was then felicitated by all the dignitaries followed by certificate distribution. Then the Speaker Mr. Shendure threw light on the various competitive exams and stressed on the intricacies of it, such as the Qualifications, Number of Attempts, Reservations, Cut-off marks and the total number of services which comes under it. He also elaborately discussed on the Exam Cycle which takes an entire year to complete. He made the inquisitive students learn how to apply for the exam. He passed on a list of sources to refer for preparation to the staff members from whom the students could collect. The students listened vividly when he explained the marking system for the exam. He instructed the students to follow the three R's- Read, Revise, Recollect, required to succeed in the exams. He wanted the students to stick to the basics and be consistent in whatever endeavor they undertook. He preached the importance of having Conceptual Clarity to the listeners. He explained in detail the Preliminary, Mains and Interview part of the examinations. Overall, the Lecture was highly Informative and Educative to the aspiring and ever-enthusiastic students of the department. He finally concluded by stating that the exams were tough but not impossible to crack. This lecture was followed by an interactive session with the speaker. The Highly motivated students raised a variety of questions to the speaker to which he answered with unwavering enthusiasm. Overall, the speaker was extremely happy with the response made by the students.
