300 kilowatt solar panels save AISSMS 1.5 crore in 56 months

TNN | Jan 8, 2024, 08:44 AM IST

Pune: An installation of a 300-kilowatt solar panels system inside the campus of AISSMS College of Engineering in 2019 saved the institute Rs 1.5 crore on electricity bills in 56 months.

Further, the institute uses LEDs to save energy on campus. The specially-designed solar power system customised for the college could become a role model for many educational institutions. Their efforts also won them the Solar Energy Society of India (SESI) Green Award 2023 for the western region.

Principal of AISSMS College of Engineering D S Bormane said, "We installed the solar power system in the entire campus in April 2019, and we have saved 48% more electricity than before on average in the last 56 months. We have also saved Rs 1.5 crore in the bargain. We are now conducting an energy literacy program in association with the Swaraj foundation."

With a passionate drive for renewable energy utilisation, the college boasts 250 active SESI members engaged in diverse activities linked to renewable energy. Notably, over 4,000 participants nationwide have completed ELT certifications, contributing significantly to energy literacy.

"We recently received a gold certificate from the Energy Swaraj Foundation for our substantial contributions to the energy literate drive," added Bormane.

Department of Electrical Engineering

Visit to School

Report

A visit to New English School was arranged on 1st of September 2023 to spread awareness about Electrical safety. This visit was arranged for the students of class 9th and 10th. Students of BE, TE, and SE conducted this visit under NSS of Department of Electrical Engineering.

BE students gave a presentation on Generation of Electricity, shock treatment, proper utilization of Electricity. Students were very attentive and that's why the session became very interactive. Presentators also cleared many doubts of students regarding basic concepts of Electricity, Electrical Safety and also stated some interesting facts about Electricity.

Dr.D. S. Bormane
Principal

After the Presentation TE students enacted a very informative skit explaining the importance of proper use of Safety equipments while working with Electricity. They also narrated the do's and don'ts about Electricity in our day-to-day life. The students were very delighted after seeing the act.

The act was followed by SE students conducting some playful activities like Quizzes. The students enjoyed the activities a lot. After the Quiz Conduction from SE Students an Essay Writing Competition was conducted. The Topic for the Essay Writing Competition was Electrical Safety. Our Faculties Dr. A. A. Apte and Prof. V. N. Tarange were the judges for this Competition. They thoroughly examined the essays and declared the winners. The judges appreciated and praised the winners and the winners were awarded with prizes.

The principal of the school acknowledged our efforts and thanked us for arranging such event. He also requested us to organize more such events.

An Expert Lecture Report on
“Solar Power Tower Technology and Use of
Ray Tracing Software "SolTrace"”

&

Solar Energy Society of India SESI Students’ Chapter

AISSMS
COLLEGE OF ENGINEERING

ज्ञानम् सकलजनहिताय
Accredited by NAAC with "A+" Grade

Department of Mechanical Engineering

and

Solar Energy Society of India (SESI) Students’ Chapter

Organizes an Expert Lecture on

**Topic: "Solar Power Tower Technology and
Use of Ray Tracing Software "SolTrace"**

➤ **Day & Date:** Thursday, 22/ 09/2022

➤ **Time:** 10:30 am onwards

➤ **Venue-** CITP Hall

Faculty Coordinators:

Dr. M. S. Deshmukh -SESI students’ Faculty Advisor
Dr. C. S. Choudhari – IQAC Coordinator

Speaker

Dr. Prakash Gadhe
Associate Professor, Mechanical
Engineering, MITWPU, Pune

Dr. S. V. Chaitanya
Head of the Department

Dr. D. S. Bormane
Principal

Department Vision:

To be Recognized as Premier Centre in the field of Mechanical Engineering Education

Dr.D. S. Bormane
Principal

Topic/Themes: Solar Power Tower Technology and Use of Ray Tracing Software "SolTrace"

- **Nature of the activity:** Expert Lecture
- **Activity level:** Department activity
- **Objective of the activity:** To provide industrial exposure to the students and to provide exposure to manufacturing of boilers.
- **Date and Timings:** 22th September 2022, 10.30 AM
- **Venue:** CITP hall
- **Coordinator:** Dr. M. S. Deshmukh and Dr. C S Choudhari
- **Faculty involved:** Dr. M. S. Deshmukh and Dr. C S Choudhari
- **No. of students Present:** 113 Nos
- **Topic Expert details:** Dr. Prakash Gadhe, Associate Professor, Mechanical Engineering, MITWPU, Pune
- **Outcome/Result:** Students got very good exposure to Solar power towers. Expert Explained in detail about a Solar Thermal Power Plant, which is a large facility for energy generation that uses the sun's energy to produce electricity. Expert also explained about how the electricity is then transferred to the grid for consumption in homes, buildings, factories, and other facilities.

All India Shri Shivaji Memorial Society's College of Engineering, Pune-01, National Service Scheme volunteers organized Energy Conservation in Tulapur village. The main motive of the Energy Conservation Survey was to provide useful information about electrical appliances, spread awareness of safety related to appliances. So this activity was done by students of the electrical department. All NSS volunteers visited the villagers house to give the proper information about electrical appliances and spread safety awareness of it house to house. All villagers were happy to know about safety measures related to this appliance. Mr. Parag Mate and Mr. Raj Deshmukh visited Tulapur village.

7.1.2.2: MANAGEMENT OF THE VARIOUS TYPES OF DEGRADABLE AND NONDEGRADABLE WASTE

1. Reports of activities for Degradable and Non degradable Waste Management

AY 2023-2024

Name of Program: Swachha Bharat Wari 2023
--

Date: 13th June 2023

All India Shri Shivaji Memorial Society's College of Engineering, Pune- 01 National Service Scheme, participated in the program 'Saath Chal' organized by 'Sakal Madhyam Group' in Pune on the occasion of AshadhiVari, keeping in mind the importance of environmental conservation. Excessive use of plastic, felling of trees, use of chemicals, and pollution of rivers is causing harm to the environment and there is a need to build a broad movement for environmental conservation. Oath of environment conservation will be given to those participating in the competition. Today after the palanquin ceremony of Sant Dnyaneshwar Maharaj and Sant Tukaram Maharaj, volunteers participated in the activity "Ek Saath Chal" with 'Sakal Madhyam Group'. We should also participate in this social activity and contribute to the environment by implementing 'Swachh Bharat Abhiyan' with this motto.

AISSMS College of Engineering, Pune National Service Scheme Unit was invited to the Fair. A Group of 15 Volunteers gave visit to Village and witnessed their Fair where villagers explained their culture to the volunteers. Students learned their culture and prestigious history of the village. Volunteers also reviewed the work done during the camp. Volunteers motivated a group of students in that village to keep their surroundings clean. Now one small unit of villagers is ready and they've promised to keep the village as it is neat and tidy. Then the villagers invited volunteers for dinner where they discussed some future development plans. Students enjoyed the dinner.

Moto of Event: Motive to conduct this activity was to create awareness regarding plastic reduction.		
Chief Guest: Hon. Pooja Bhosale		
Volunteers:10		

All India Shri Shivaji Memorial Society's ,College of Engineering, Pune-01, National Service Scheme unit organized an online "Best out of waste" competition, for awareness of plastic reduction for about 3 days from 15th January 2021 to 18th January 2021.

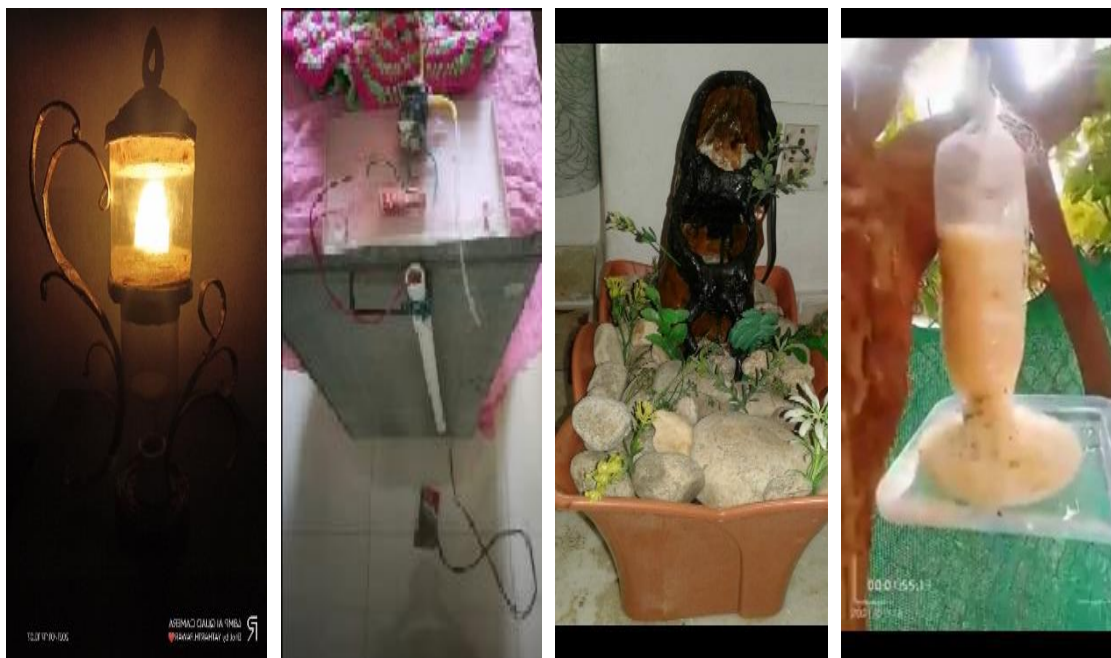

To make this point clear in mind of youths, the participants were asked to make crafts from waste material reusing plastic i.e. plastic element was compulsory. This brought up various ideas to reuse plastic, around 10 participants were observed.

There were numerous participants from which three winners were selected which are:

1. **1st Position-** Neha V. Pawar - Lamp
2. **2nd Position-** Neeraj V. Mahajan - Sanitizer
3. **3rd Position** – Bhavini Tak – Water Fountain

The winners were felicitated with certificate and the rest participants were provided with certificate of participation.

CLEANLINESS DRIVE

Name of Event: Krishi Pragati Karan Ani Badal		
Date: 26th December 2020	Time: 11:00 am – 12:00 pm	Duration: 2.5Hours
Moto of Event: To create awareness about organic farming		
Chief Guest: Dr. Manohar Khake		
Volunteers:122	Faculty:03	
Host: Kadambari Mane, Abhilash Yadnik	Online Platform: Microsoft Teams	

All India Shri Shivaji Memorial Society's, College of Engineering, Pune-01, National Service Scheme unit on the occasion of Farmers Day, held a webinar which was witnessed by Chief Guest Dr. Manohar Khake Sir, Principal Dr.D.S. Bormane Sir, Prof. N. N. Shejwal Sir, AISSMS and other college lecturers, 122 participants joined us on this occasion which was organized on Microsoft teams, an online platform. Along with the protection of our soldiers, Farmers are considered the backbone of our country. We know farmers are very important as they are the

Dr.D. S. Bormane
Principal

ones who provide us with the nutrition n healthy food that we eat. Nearly 70% of the rural household depend on the farming, with around 82% farmers being small n marginal. As per 2018, agriculture employed more than 50% of the Indian work forces and contributed 17–18% to country's GDP. Certain years ago, there was a shift from traditional farming to farming with chemicals and pesticides. India was gravely short of foodgrains, and this agricultural shift came in handy. With massive inputs of chemical fertilisers, pesticides and water, high crop yields were achieved. The purpose of holding the webinar was to know the importance of Organic Farming. Considering issues of health and economy in the modern world, organic farming will prove to be a viable option for every consuming human and the producing farmers as well. Webinar started at 11am. Our host introduced the event and asked our Program Officer Dr. N.N. Shejwal Sir and Principal Dr. D.S. Bormane Sir to welcome our Chief Guest. They also gave information about Dr. Khake's book, 'Matiche Swarup Ani Sendriy Khate' and added few words regarding 'Unnat Bharat Abhiyan'. Then our host introduced our Chief Guest to the audience and requested them to address the crowd. Then Dr. Manohar Khake Sir, with his immense knowledgeable words, started discussing his ideas with Students. He put froth his concept of 'Air Irrigation'.

Venue: Kasture Chowk, Kondhare wada, Nana Peth, Pune	

DINDI REPORT

Pandharpur Wari is an annual pilgrimage Alandi to Pandharpur in Maharashtra in the month of July every year. Sant Dnyaneshwar and Tukaram are taken from their respective shrines to Pandharpur. This is 21 days March on foot from various locations in Maharashtra to Vithoba temple, Pandharpur, attracts a total of over a million pilgrims. Devotees from Maharashtra and nearby areas set out for Pandharpur,

As per the circular of Savitribai Phule Pune University, Pune-07 about the Swachha Wari, Nirmal Wari, Nisarg Wari, the All-India Shri Shivaji Memorial Society's, College Of Engineering, Pune-01, National Service Scheme unit has been participated in the Niramal wari Programmme on 8th and 9th July 2018 at Kasture Chowk, Nana Peth, Pune.

The volunteers reached the Ladkat School, Nana Peth, Pune on 8th July 2018 at 6.00am early in the morning. It was tea time early in the morning, so the volunteers immediately helped to the local people for serving tea, biscuits and breakfast to the pilgrims of Dindi. Further the volunteers have been carried out the cleaning drive in Kasture Chowk and Kondhare wada area. The volunteers collected the plastic wrappers of Biscuits, empty glasses of tea and water and empty breakfast plates. While conducting the cleanliness drive volunteers also make awareness regarding the cleanliness. The volunteers appealed to the people that do not spit on road and public places. Simultaneously some group of volunteers helped local people and police in the traffic management and directing the people participated in Dindi. Some volunteers help the missing pilgrims to find out their dindi location. After 11.00am all the boys volunteers started working for the arrangement of the lunch for the pilgrims in association with local organizer and also washed the utensils for cooking of food. The girls volunteers involved themselves in kitchen job and helping the cooks and the women in preparing of dough, puri, washing and cutting of vegetables. The girl's volunteers also learn from the pilgrims how to make the Jawar and Bajari bhakari (Roti). The volunteers visited to the different dindi and they had some conversation with pilgrims and

Dr.D. S. Bormane
Principal

enjoyed the Bhajan, Kirtan and learn the tradition. It was the lunch time; volunteers took the charge of serving the food to the pilgrims with the glass of water. Within the period of 2hrs, volunteers served the food more than 1000 pilgrims. Then the volunteers took lunch. During the lunch break, Mrs. Manisha Kondhare, Corporator, PMC, visited the place and felicitated our NSS unit and appreciated their work and help. After everyone's lunch, volunteers removed the chairs and table and cleaned the area. In the evening volunteers again helped in serving the tea and biscuits and did some cleaning and traffic management up to 8.00 pm also dialogue with the pilgrims to know about their village and life.

At 8.00pm the volunteers of night shift arrived at the location. They also helped locals in serving food and other managements. They had good talks with all varkari's and enjoyed Bhajan and Kirtan with them. Volunteers also helped those people in making arrangements of their sleeping. On 9th July 2018, the both the Palkhi's have been proceed for the next destination. After the palkhi left the nana peth, every Main and internal road was full of garbage. Volunteers took the initiative along with the sanitation department, PMC and cleaned each and every area of Nana Peth. Dr. Prabhakar Desai, Director, National Service Scheme, SPPU, visited to the area and carried out the inspection of entire Nana Peth area around 10.00am. Dr Prabhakar Desai Sir also took the feedback and experience of Nirmal wari. He also dialogues with the volunteers, guide them and appreciated the Nobel work.

Name of Event: Construction of Soak Pit	
Name of Guests of Honour: Dr. N. N. Shejwal	
Name of Coordinator: Dr. N. N. Shejwal	
Location: Tulapur	Date: 16.08.2018
Time: 09.00 am –06.00 pm	

The NSS Unit of AISSMS's College of Engineering, Pune comprising of 18 members went to Tulapur village located about 32 km from Pune City.

The main motive of our visit was to give the brief information about "Swachh Bharat Abhiyan" & Govt. of Maharashtra schemes and also to spread the importance of cleanliness in the society as we are also a part of this society.

We reached at around 9:30 am in the village & had conversation with the Gram Panchayat officer Mrs. Jyotsna about the open drainage. The drainage water spread on the road and in front of the school premises so that it was very difficult to enter in the school. The dirty smell of drainage water finds very difficult to sit in the class. The AISSMS COE student observed it and decides to give the solution to this problem. They analysis the problem and prepared the plan and discussed with the grampanchyat member, Sarpanch and Gram Sevak as well as the head master of the school. They all gave some suggestion and we finally commenced the work of soak pits at 10:10 am.

We made a pit for the tank of sewage water in the primary school. A team of 4 students went to the class for teaching and briefing them about cleanliness and different education schemes for the students. They took the lecture and revision of the students. They also gave an idea about plastic pollution and how plastic waste affects the environment and encouraged them to minimize the use of plastic.

The remaining 14 volunteers started to work for making the soak pit as requested by the villagers. The volunteers started by marking the pit of size 4ft X 4ft and started digging the pit. The pit of 5 ft height was dug by the volunteers in about 4 hours. Then, a ready cement tank of size 4 x 3.5 ft. was lifted by the volunteers and set in the pit. The pit was then filled with rocks, stones, bricks and mud.

The volunteers thus completed this work within 8 hours work. The volunteers enjoyed a cup of tea after the work was completed and then everyone departed towards college with a feeling of satisfaction. The team had a great time with the villagers and students of the primary school in the village.

VOLUNTEERS ON CONSTRUCTION OF SOAK PITS

ON FIELD VOLUNTEERS ON DUTY

Name of Event: Solid Waste Management	Date:12/12/2018
Name of Co-ordinator: Dr. N.N. Shejwal (P.O. NSS)	
Number of Participants: 50	
Time: 11.00am	
Venue: ZP School Kalyan	

Disposing solid waste is not really a fairly easy job. There are a lot of things that should be taken into consideration like public health, transportation, proper storage, proper collection, etc. Failure to abide by rules and protocols might lead to accidents or risk the health of people in the region. Solid Waste management is extremely important in your community mainly because it will prevent your household from experiencing the hazardous outcomes of solid waste material. By getting rid of most of these waste matter properly, you can actually protect your loved ones along with the environment. This means that your young ones along with your grandchildren are able to experience the good thing about nature. The Solid waste management awareness program has been conducted by the volunteers in the adopted villages. They prepared the displays and take the round in the village and interact with the villagers and clean the villages. The entire program was carried on December 12, 2018.

7.1.2.4 WATER CONSERVATION

1. Water Conservation Activities (Awareness Program)

Name of Event: WATER CONSERVATION AND BIODIVERSITY WORKSHOP

Name of Chief Guest: Dr. Abhijit Ghorpade

Name of Coordinator: Dr. N. N. Shejwal

Venue: CITP Hall

Date: 04/03/2019

Number of participants: 150

Time: 10:00 am –05:00 pm

Event Report:

On 04/03/2019 the NSS Unit of our college has organized a one day seminar on water conservation and biodiversity. This program was mainly planned for civil engineering students. Around 150 students were present for the seminar. Dr. Abhijit Ghorpade, professor, SPPU, Pune was the chief guest and the resource person. He has delivered the speech in session I and session II. The workshop inaugurated in presence of principal Dr. D. S. Bormane, Head of the departments, teaching and non teaching staff. In session I Dr. Ghorpade elaborated the geographical and soil nature of Maharashtra state. And the water resources of Maharashtra state. The natural water resource made by Chh. Shivaji Maharaj on each fort still do not have shortage of water. The hidden technology is not understood till today. That is really a magic work by the people in 16th century. Till today it is a challenge in front of the engineers.

In the second session the biodiversity has been explained to the audience. Our state and nation are rich by biodiversity. But because of elevated population and pollution and due to climate change the biodiversity has been reducing. Dr. D.S. Bormane, Principal sir and Dr. N.N. Shejwal have been conducted the session how technology has been used to save our earth and biodiversity so that our ecology will be safe for future generation.

7.1.2.4 Green campus initiatives

1. Reports of activities for green initiatives

The Institute actively promotes a clean and eco-friendly campus through different initiatives. In collaboration with the National Service Scheme (NSS), the Institute involves students in planting and nurturing trees to enhance the campus's green and healthy appearance. These trees not only provide shade but also contribute to a healthier environment by producing oxygen.

Name of Program	Global level Poster making Competition	Date	20/04/2020 to 27/04/2020
Motto of Event	To make people aware about the Pandemic situation and it's preventive measures		
No. of Participants	475		

Savitribai Phule Pune University, Pune in collaboration with All India Shri Shivaji Memorial Society's, College of Engineering, Pune-01 National Service Scheme unit organized a Global Level Poster Making Competition. As we are aware about the situation we are going through, it was very important to create awareness regarding COVID-19 and make people aware about the rules and safety precautions related to COVID-19. And taking a poster making competition was an initiative from our NSS unit. The poster making competition got huge response of participants was witnessed, not only young but also elderly people showed interest in huge amount.

 <p>The poster is titled 'EXCELLENCE AWARD' in large yellow letters. It features a central illustration of a person in a white lab coat, possibly a doctor or scientist, surrounded by various symbols of health and safety. The background is blue with a globe. At the bottom, it says 'Udawan Satyaheet Bharat (YCOU, Ahmadnagar)'.</p>	 <p>The poster shows a group of people in blue protective suits and masks, likely healthcare workers, attending to a person on a stretcher. There are large, stylized red virus particles with faces and arms in the background, representing COVID-19.</p>

Name of Program	Energy Saver Award Program at AISSMS COE, Pune	Date	1 th August 2019
No of volunteers	No of students	Faculty	
20	2000	3	
In this era, the energy is an essential component without which we cannot imagine living or performing any of the tasks. For the comfortable lifestyle, energy plays an important role. We perform various tasks with the energy such as heating, cooking, lighting, etc. with the help of furling energy, we run our vehicles and move from here to there. With the coal and wood energy,			

Dr.D. S. Bormane
Principal

we cook our food and keep our homes warm. Therefore, it seems obvious that how much useful the energy is for our lives. It's important to make people aware about saving energy. In this Context AISSMS College of Engineering National Service scheme has arranged Energy Saver award Program in Various schools. Around 10,000 students are included in this activity. Under this program Energy saver cards has distributed to each student for Three months to take the details of light-bills and the flow of control on increase in units. The student which conserves more energy will be eligible for best Energy Saver Award.

On the date 1st August 2019 we took this program in AISSMS COE, PUNE campus in order to contribute in this noble activity.

FELICITATION BY PROGRAM OFFICER

Sub: "SESI GREEN AWARD 2023"

Dear Sir,

It is our pleasure to inform you that the Governing council of Solar Energy Society of India (SESI) has unanimously adjudged your institution as a recipient of "SESI GREEN AWARD 2023" by virtue of enrolling highest members to the SESI through Western Regional Chapter during the year 2022-23. The Award Function will be organized during the inaugural session of the "International Congress on Renewable Energy, 2023 (ICORE 2023)" on 7th December 2023 at the Adlux International Convention & Exhibition Centre, Angamaly, Kochi, from 10AM onwards.

On the above occasion, we request you to confirm your presence on behalf of your Institution at the earliest.

For any further information regarding the above function you may contact the undersigned.

The information brochure of the above function is attached for your ready reference.

Thanking you

Regards
