Date	11 th June 2021	Time	01:00 pm	Duration	1 ½ Hr
Name of Event	Symbol of Knowledge-02				
Moto of Event	To enhance the knowledge of an individual by having a talk from known speakers.				
Chief Guest	Dr. Rajendra Singh (Water Man of India)				
Host	Shruti Gadhave, Saumya Thakur, Rucha Bhosale				
Volunteers	218	Faculty	05		
Platform	Microsoft Teams				

Report

All India Shri Shivaji Memorial Society's, College of Engineering, Pune-01, National Service Scheme unit organized 2nd session of "Symbol of Knowledge". The session started with greeting and welcome of the Chief Guest Dr. Rajendra Singh Sir, Principal Dr. D.S. Bormane Sir, P.O. Dr. N.N. Shejwal Sir, H.O.D.s, Faculty members and all the audience. Then the host invited Program Officer Dr.N.N. Shejwal Sir and Principal Dr. D.S Bormane Sir to speak few words.

The host then introduced our Chief Guest Dr. Rajendra singh. The host then enlightened the audience with his work and his contribution. Dr. Rajendra singh explaining the indications of third world war for water. He also elaborated the story of Tarun Bharat Sangh's work of water conservation. He also stated "WATER IS CLIMATE AND CLIMATE IS WATER". Then there was a Question and answer session to which the audience gave various responses. With all the answers satisfying the audience the session come to an end and vote of thanks was given. The session concluded with capturing the moment.

REPORT

A webinar named 'Disha Pragatichi' was conducted by National Service Scheme and Unnat Bharat Abhiyan, AISSMS College of engineering Pune through Microsoft Teams. Nowadays many students desires to pursue higher education in developed countries but many of them get misguided. The institute filled this gap by inviting College alumni Mr. Rushikesh sonawane who is residing in Germany, working as a research analyst at statista GmbH, Stuttgart. The webinar was started with memories of Shejwal sir with Mr Sonawane. After that host of the webinar introduced guest speaker to students and then Mr Sonawane started with some of his college days memories. He discussed about his decision to study abroad and about technical things he managed. Students asked various questions regarding education in Germany, how to choose institute, need of German language, scope for career in various industries in Germany and Mr Sonawane answered all these questions with clarity and simplicity. At last he talked about life in Germany and his future plans. There was huge response from students and truly this webinar was very much useful for those who wanted to study abroad.

REPORT

All India Shri Shivaji Memorial Society's College of Engineering, Pune-01, National Service Scheme unit on 24th September 2021, visited Kalyan village, Pune. Our NSS volunteers initiated Tree Plantation drive. Required equipment's were provided by the villagers. Proper survey of plant locations was performed with the help of locals and tree plantation was successfully completed under the presence of Sarpanch Shri. Rajesh Dimble, other former members of Gram panchayat, Medical Officers, Principal Dr. D. S. Bormane Sir, Programme Officer Dr. N. N. Shejwal Sir. Around 10 saplings were planted and villagers were made aware of importance of the plants and to take care of them. Volunteers participating in the activity followed all safety measures in Covid-19 era and contributed towards protection of our environment..

REPORT

All India Shri Shivaji Memorial Society's College of Engineering, Pune organised a free Eye check-up camp on 24th Sept 2021 celebrating the occasion of NSS DAY in the village "Kalyan". The camp started around 11am after the greetings and inauguration of the events lined up. Two eye specialists were arranged for this camp. Firstly all the villagers willing for the check up were asked to enroll their names and provide the Aadhar Nos. outside. Then one by one they were asked to first of all sanitize their hands and only then enter the check up area. There was one volunteer appointed to look into this. After that the check up was being held in two steps - 1st being to read out the letters closing one eye alternatively and 2nd was their eyes were machine checked by the eye specialist and then given advice accordingly. Also the villagers discussed the problems that they faced related to their eyes with the doctor. Once the whole check up was done villager could also get spectacles according to the nos. they were given by the doctor. There were 3 volunteers coordinating all this. The check up went on for almost 4 and a half hours.

REPORT

All India Shri Shivaji Memorial Society's, College of Engineering, Pune-01, National Service Scheme has conducted a Computer Literacy session for school students at ZP School , Kalyan, Tal. Haveli, Dist. Pune The purpose of this study was to investigate students' perceptions of computer literacy skills they had obtained prior to enrolling in a university and to develop implications and recommendations for teaching a college-level computer course. Students were asked to identify their skill level in various types of software and their exposure to computer concepts and issues. In our contribution we focused on finding out the information and computer literacy of high school students. Many of them were familiar with the computer and the parts. Even they knew a little about the software part of the computer. We found that the main activity of students on the internet is the search for information (e.g. themes on essays, complementary information to the curriculum...). It means that computer literacy of students is improving.

Glimpse of the Event

Active participation of volunteers in computer literacy.

REPORT

All India Shri Shivaji Memorial Society's, College of Engineering, Pune-01, National Service Scheme unit on 24 September 2021 conducted an activity on Women Literacy at Kalyan village, where NSS volunteers interacted with the women of the village.

During the interaction the following points were observed:

- The women in the age group of 50-70 are mostly illiterate. Few of them are familiar with the basics of the language (Marathi) like the alphabet & numbers.
- The women in the age group of 30-50 were mostly educated up to primary school or secondary school. There were a very few of them educated up to higher secondary school.
- The age group below 20-30 included women's almost educated many of them were educated up till higher secondary & so on, in which few of them do some job.
- The rest were school-going girls.

The women who are illiterate or have just basic education were asked if they would like to learn now.
