AISSMS COLLEGE OF ENGINEERING
ELECTRICAL ENGINEERING DEPARTMENT
REPORT ON
“UNRAVELING THE TIPS FOR A SUCCESSFUL START-UP”

EVENT DATE: 11th October 2021

EVENT VENUE: Microsoft Teams Platform

TIMING: 11:30 am

THEME: ‘UNRAVELING THE TIPS FOR A SUCCESSFUL START-UP’

CHIEF GUEST: Dr. Ahsan Rizvi and Dr. Kiran Zaidi, Douze Agri Research PVT LTD.

FACULTY COORDINATORS: Dr. A. A. Godbole and Mrs. V. N. Tarange

CONVENER: Dr. V. N. Patil

STUDENT COORDINATORS: Carolyn Varghese and Videh Warade.

PRINCIPAL: Dr. D. S. Bormane

Electrical Engineering Department had organized an expert lecture on ‘Unraveling the tips for a successful start up’ on the 11th of october 2021. A total of 154 students participated in the expert talk. The webinar began at 11:30 am with a warm welcome given by Ms. Bavrica Kour Sudan. Further, Head of the Electrical department Dr. A. A. Godbole gave the participants a briefing about the expert talk and introduced the guests for the day; Dr. Ahsan Rizvi and Dr. Kiran Zaidi. The guests then took over the session and gave the participants the tips and tricks to a successful start-up by sharing their own experience. Moving further, the students then had a direct interaction with the guests asking their queries about start-ups. The queries were answered in a beautiful and informative manner. The talk ended with a vote of thanks by Ms. Hafeiza Attar. A snapshot was taken to commemorate the session along with a feedback form. The main motive behind the expert talk was to give the students an understanding about the entrepreneurship world and how one starting a new venture should follow certain procedures.

The image shows a Zoom meeting interface. The main window displays a PowerPoint slide titled "How a B Tech student could opt a startup?". The slide content is as follows:

How a B Tech student could opt a startup ?

- Why startup?
- Turn B Tech project to startup
- Search problems in local market
- See behavior of consumers
- Give cheap and innovative solutions
- Focus on marketing
- Take feed back from costumers, improve your products
- Register a company, go to government
- Focus on Ecom:: Amazon, Flipkart, Alibaba, & import/export

Participants visible in the meeting include:

- Hafizaattar
- Dr kiran (Guest)
- Dr Ahsan = Douze Agri (Guest)
- KOURBAVRICA
- Ashwini Go...
- Dr Ahsan = Douze Agri (Guest)
- Dr kiran (Guest)

The Zoom control bar at the bottom shows options for "Request control", "Leave", and a participant count of +149.

AISSMS COE , Students =

Outside AISSMS COE , Faculty =

Session anchoring done by: Dhairya and Monali

Link and certificate by : Pratik Lahankar

The screenshot shows a Zoom meeting window. The main content is a presentation slide titled "MoE's Innovation Cell (MIC) & AICTE Sponsored IMPACT LECTURE SERIES 2021". The slide is organized into two columns for Day 1 and Day 2. Day 1 (Monday, 4th October 2021) includes an Orientation Session on NEP by Dr. Gururaj Dangare and a session on Developing Entrepreneurship Personalities by Dr. S P Kallurkar. Day 2 (Thursday, 14th October 2021) includes a session on IPR with reference patent drafting and filing by Mr. Vikas Asawat and a session on the Role of IPR in Startup by Dr. Ishrat Meera Mirzana. The slide also lists the organizers: Dr. M. H. Dhend (Programme Coordinator), Dr. V. S. Kalyani (IIC Member), Dr. V. N. Patil (IIC Convener), and Dr. D. S. Bormane (Principal). A QR code is provided for registration. The Zoom interface shows a recording notice, a "Request control" button, and a "Leave" button. The meeting title is "IMPACT LECTURE SERIES AISSMS COE".

A Seminar on 'Corporate Ready'

A. Y. 2021-22

Date: 24/03/2022

Organized a Seminar 'Corporate Ready' on 24/03/2022, 10.30 am-12.30 pm for BE Chemical and BE Students from other disciplines at venue CITP Seminar Hall.

Speaker/ Industry Personnel:

Col. Uday Jagavakar, Retired from Indian Army and from JSW, Khopoli.

HOD and Faculty Advisor: Dr. P N Dange

Faculty Coordinator: Prof. P M Warke

Student Coordinators: Nupoor Upadhye, Suyog Chaudhari, Aamod Rajurkar.

The Webinar was organized under AIChE Students Chapter, Department of Chemical Engineering, AISSMS COE, Pune- 411001.

Lastly thanks to the participants (**No.114**) for their valuable participation and making the session interactive.

COLLEGE OF ENGINEERING, PUNE – 411 001**

**DEPARTMENT OF CHEMICAL ENGINEERING
*INDUSTRY INSTITUTE INTERACTION***

Nature of the activity: Expert talk via online platform

Topic/Theme: Role of Chemical Engineers and nature of jobs in Chemical Industries.

Activity level: BE Chemical

Objective of the activity: Career counseling for fresh engineers and scope for Chemical Engineers in Chemical Industries.

Date and Timings: March 12, 2022, 5.00 p.m. to 6.30 p.m.

Venue: MS platform

Coordinator: Prof. P M Warke

Co-coordinator:-----

Student Coordinators: Kartik Joshi

No. of students Present: 33

Resource Person: from Chemical Engineering Consultancy

Name : Mr. Divyesh Desai

Designation: General Manager - Project

Company : Chemi-Tech Projects, Vadodara (Gujarat)

Contact details:

Outcome/Result:

Students of BE Chemical understood aspects of Product Development through Research & Development, Process Design, Plant Design, Project Engineering, responsibility of a Chemical Engineer in a Manufacturing of a Chemical compound, necessity of costing & cost estimation, role of a Chemical Engineering for the sale of product as the Expert explained with one case study of Manufacturing of Ethylene Glycol with sharing his work experience in the Plant & Projects. Through interactions he cleared queries of students about the necessity of process equipment design, PFD, plant utilities, equipment layout, P&ID, safety in Chemical industry.

At the end of the expert talk/webinar, students also understood regarding job career in various areas of Chemical Engineering field such as Project, Design, R&D, Production / Manufacturing, Marketing and Safety.

A flyer of the online event:

The flyer is a rectangular graphic with a light purple and yellow gradient background. At the top, it features logos for AIChE (The Global Home of Chemical Engineers), AISSMS College of Engineering (Accredited by AACSB, EQUIS, AMBA), and ICHE (AISSMS COE). The main text reads: "AIChE AISSMS COE & AIChE OAU bring you an International Webinar on ROLE OF CHEMICAL ENGINEERS IN INDUSTRY". Below this, it identifies the "Resource Person" as "Mr. Divyesh Desai", GM- Process, Chemie-Tech Projects Ltd., Vadodara. A circular portrait of Mr. Desai is shown to the left. The event details are listed as "12th March 2022" at "5.00 PM IST" and "11.30 AM GMT", accompanied by a clock and calendar icon. At the bottom left, there are social media icons for Twitter, Instagram, Facebook, and LinkedIn, followed by the handle "/aiche_aissmscoe".

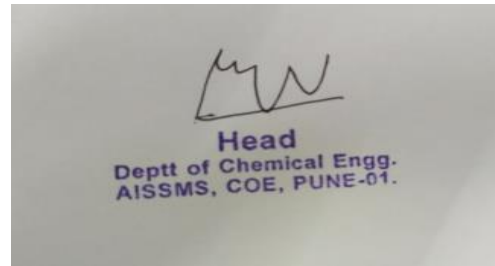

The webinar was organized under AIChE Student Chapter, Department of Chemical Engineering on International level. Few students of the AIChE Student Chapter from another Country were also attended the program and they asked questions to the Expert about the nature of jobs available for Chemical Engineers in Industries.

At the end of the program, Kartik Joshi, Student Coordinator of the same Webinar expressed vote of thanks. The program ended at 6.30 pm.

Research, Innovation and IPR in Chemical Engineering

On Date: 12/10/2021

Report For IIC submission

Objectives of program (150 words):

On the occasion of the Innovation and Startup week in the college a national level webinar on “Research, Innovation and IPR in Chemical Engineering” was organized under the IEI Student Chapter, Department of Chemical Engineering, AISSMS COE Pune on 12 October 2021. The program was coordinated by the faculty, Dr. S B Ghugare and the student coordinators: Vaishnavi Ghorpade and Abhishek Kumbharde. In the webinar, Dr. Prashant Gunjal, General Manager, Research and Development Group, Reliance Industries Ltd., Mumbai delivered an expert talk on the following points:

- Importance of Research and Innovation in Chemical Engineering
- Current trends on Research and Innovation in Chemical Engineering
- Research article preparation
- Ethics in Research and Publication
- Importance of IPR in Research and Innovation in Chemical Engineering

After the expert talk head of the chemical engineering department, Dr. P N Dange, thanked the expert and the participants for their valuable time.

1. Participants: 108

2. Participants benefit or returns or output (250 words) :

The participants gained knowledge about the following points:

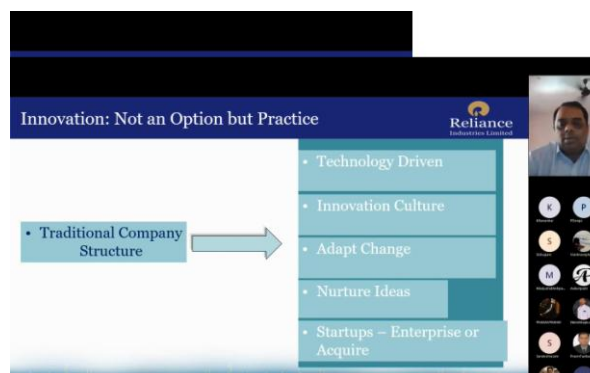

AISSMS
COLLEGE OF ENGINEERING

ज्ञानम् सकलजनहिताय
Accredited by NAAC with "A+" Grade

- Importance of Research and Innovation in Chemical Engineering: Continuous Research and Innovation in Chemical Process design and operations is important to improve process efficiency thereby producing high quality and quantity products with safe operations and very less pollution to the environment.
- Current trends on Research and Innovation in Chemical Engineering: The current trends of Research and Innovation in Chemical Engineering includes better design of reactors and heat and mass transfer equipments by appropriate modifications in the design using computational fluid dynamics techniques.
- Research article preparation: The undergraduate level students were made aware of research and its publication process.
- Ethics in Research and Publication: The undergraduate level students were made aware of ethics in research and its publication using plagiarism softwares.
- Importance of IPR in Research and Innovation in Chemical Engineering: The IPR laws protect the patent and other rights of individuals or organizations filing the application and thus avoiding unpredictable losses thereof.

| Event Title: | National Level Quiz on ‘Innovation and Start-up’ |
| Organized by: | Department of Mechanical Engineering, AISSMS COE, Pune. |
| Date: | 11 October, 2021 - 16 October, 2021 |
| Event Platform: | Google form |
| Number of Participants | No. of Students: 325 No. of Faculty members: 4 Total: 329 |
| Student Coordinators: | Mr. Sreyesh Dharne, CR, Mechanical-B Mr. Gaurav Singh |
| Coordinator: | Dr. D. Y, Dhande Dr. C S Choudhari |
| Quiz Topic: | Innovation and Start-up |
| Objective of Quiz | To inculcate the values of competitiveness and create interest in Mechanical Engineering among the students. |
| Questions based on | Entrepreneurship Start-ups Innovation Intellectual Property Rights |
| Number of questions | 30 |

Message Circulated to Students:

Celebrating Innovation and Start-up Week...!

 *Warm Greetings to Everyone* 

AISSMS College of Engineering Pune celebrating *"Innovation and Start-up Week"* on the occasion of Dr. A P J Kalam's birth anniversary.

"Knowledge with action converts adversity into prosperity"
- Dr. A P J Kalam

During this week, Department of Mechanical Engineering is organising a National Level Quiz on
"Innovation and Start-up".

This quiz is intended to make everyone aware and boost up their interest in Innovation, Start-up, Intellectual Property Rights and Entrepreneurship.

No registration fees 

 After successful completion of quiz, you will receive *E-certificate* on registered email id.

 *Link to proceed for the quiz:*

Identifying Intellectual Property Right component at the early stage of Innovation

Report For IIC submission

1. Objectives of program (150 words): To understand when to apply for IPR and To select which type of IPR
2. Participants benefit or returns or output (250 words) : We all know the importance of money and we are always cautious for its security but how many of us are aware regarding security of our Intellectual Property. Participant got benefited with identification of Intellectual Property Right component at the early stage of Innovation. In today's India, many ideas are transforming into start-ups, we are in era of innovation and that's why now it is more important to be aware of our Intellectual Property Rights.

3. Participants information:

| | |
|---|----|
| AISSMS COE Pune Students | 75 |
| AISSMS COE Pune Faculty | 16 |
| Other than AISSMS COE Pune participants | 9 |

4. Social media published links – Publish Activity Information brochure / Flyer (pdf file) + Min two photographs with min 20 different participants (jpg file).
Add Links of the same in the table:

Required Attachment

- a. Activity Information brochure / Flyer (pdf file)
- b. Min two photographs with min 20 different participants (jpg file)
- c. Registered participant list (excel file)
- d. Actual attended participant list (excel file)

IEEE
AISSMS COE STUDENT BRANCH

Event Title: Webinar Series on 'Research Methodology'

Organised by: Department of Electronics & Telecommunication Engineering, AISSMS College of Engineering Pune & AISSMSCOE IEEE Student Branch (STB-98723)

Date: 15th – 23rd November 2021

Time: 2:30 PM: 4:00 PM (IST)

Meeting Platform: Microsoft Teams Meeting

No. of Participants: 350

Student Co-Ordinators:

Mr. Prathamesh Vishwas

Mr. Neeraj Mahajan

Mr. Vignesh Iyer

Faculty Co-Ordinators:

Dr. D.G.Bhalke (HOD-E&TC & Branch Counsellor)

Mrs.R.R.Itkarkar (Faculty Advisor)

Guest Speakers:

Dr. Mausmi Munot, PICT, Pune

Dr. Nikesh Uke, Principal, KJEEI's Trinity Academy of Engineering Pune

Dr. S.M.Gulhane, Principal, Pravara Rural COE, Loni

Dr. Parikshit N Mahalle, VIIT Pune

Dr. Piyush Kumar, Professor, East-West College of Engineering, Bengaluru

Dr. D.G.Bhalke, AISSMS COE, Pune

Topics delivered in Webinar Series:

1) Day 1: Research Methodology: A Practical Approach by Dr. Mausmi Munot, PICT, Pune

- Steps in Research
- Resources for Research Methodology
- How to identify solvable problem?
- Discussed Case Study of a Research Paper based on methodology.

2) Day 2: Effective Tools for Researchers by Dr. Nikesh Uke, KJEE's Trinity Academy of Engineering Pune

- Model of Research Journey
- Mind Map of Research Tools
- Tools for Searching the Literature
- Tools for Survey
- Process of Citation of Papers
- Authors Impact / Journal Impact
- Warnings related to Predatory Journals
- Tools for Researchers

1. Microsoft Academic Search
2. ACADEMIA
3. VIDWAN
4. Scopus Preview
5. ORCiD
6. ResearcherID
7. Publons
8. Kopernio
9. INDERSCIENCE Online
10. MENDELEY

3) Day 3: Topic selection and research approach by Dr. S.M.Gulhane, Principal, Pravara Rural COE, Loni

- What is Research?
- The Hallmarks of Good Research
- Selecting a Research Topic
- Supervisors Expectations
- Tips to Scholars
- Outlining the Level of Research Work

4) Day 4: Writing Research Papers & Journal Indexing and Impact Factor by Dr. Parikshit N Mahale, VIIT

- What do you mean by research and research paper?
- Why to write a research paper?
- Terminologies related to a research paper:
 1. Impact Factor
 2. Immediacy Index
 3. H – Index
- Google Scholar

- Getting started with writing a research paper:
 1. Know the reviewer
 2. Literature survey
 3. Identify existing problems/ limitations
 4. Paper Novelty
- A successful research publication should be:
 1. Logically perfect
 2. Well written and be published in a good journal
- Elements of a research paper (content, style, format)
- Examples and Guidelines on title, abstract and introduction, main contents, language and sentence structure, conclusion and references, diagrams

5) Day 5: Publication Ethics: Patent, Copyrights and Plagiarism by Dr. Piyush Kumar, Professor, East-West College of Engineering, Bengaluru

- Guidelines related to Patents
- Guidelines related to Copyrights
- Importance of Plagiarism
- How to check Plagiarism?
- Things need to take care while publishing a research paper?

6) Day 6: Writing Research Papers & Journal Indexing and Impact Factor by Dr. D.G.Bhalke, AISSMS COE, Pune

- Purpose of Literature Review
- How to write Literature Review
- Literature Searching Techniques
- Data Collection & Analysis

Research

- **6th year of Research**
 - Writing thesis, trying to get results, working ..
 - Validating results, Publish papers...
 - Finally submit thesis...
 - Hope will have defence next year!! 😊
 - all well.... defence completed ...
finally : DR.....!!! 😊

Principle of referencing

Answer these basic questions about your sources

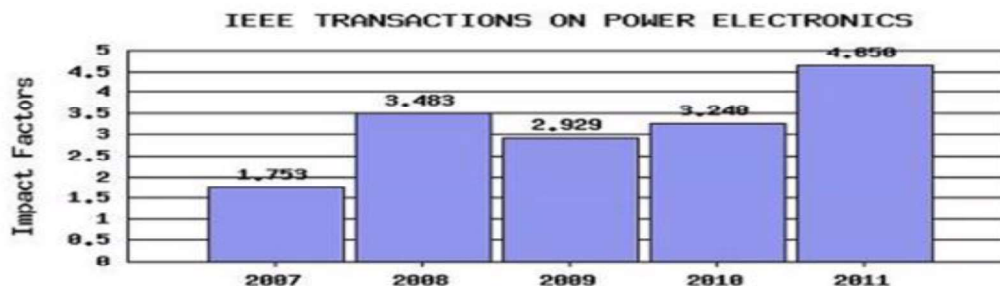

University of Huddersfield APA 6th Referencing Guide

Tips to Scholars

- Take responsibility for ensuring that regular meetings take place between you and your supervisor.
 - If you get "stuck" or find yourself at a dead-end, do not waste time waiting for the next scheduled meeting.
 - Do not skip meetings! They are intended for you to test out ideas and to obtain guidance when you need it.
- If there is a problem, if you are blocked, may be personal or any other kind of problems which interfere with the continuation of your work, then let your supervisor know about it.
- If your supervisor is **not an expert in your research area**, do not hesitate to ask for help from other experts or researchers who have the expertise in your research area.

As your research proceeds, you should expect the balance in the relationship to your supervisor to change from one where the supervisor is guiding and directing your work to one where you are in control of what you are doing.

How is Impact Factor calculated?

2011 Impact Factor:

Cites in 2011 to articles published in
2010: 1015
2009: 1775
Sum=====→2790

of articles published in
2010: 300
2009: 300
Sum=====→600

Calculation: 2790/600=4.650

Activate Windows
Go to Settings to activate Windows.

A Good Literature Review is:

- **Focused** - The topic should be narrow. You should only present ideas and only report on studies that are closely related to topic.
- **Concise** - Ideas should be presented economically. Don't take any more space than you need to present your ideas.
- **Logical** - The flow within and among paragraphs should be a smooth, logical progression from one idea to the next
- **Developed** - Don't leave the story half told.
- **Integrative** - Your paper should stress how the ideas in the studies are related. Focus on the big picture. What commonality do all the studies share? How are some studies different than others? Your paper should stress how all the studies reviewed contribute to your topic.
- **Current** - Your review should focus on work being done on the cutting edge of your topic

D Bhalke

18

Final checklist

Choose the right topic

The topic must be interesting to you; it should also be well-defined and important to the field.

Check the literature you have chosen

Monitor the papers you have chosen to review, make changes to your bibliography, if required; prepare a complete reference list.

Take notes while reading

Write interesting bits of information or ideas as you read so that you don't miss important points when writing the review.

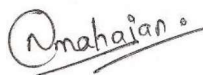

Decide the format of your review

Decide whether you should use a thematic or chronological approach, based on the amount and type of material you have.

Keep the focus specific and interest general

While you focus on a specific topic, make sure your review is also relevant to a broader audience who may want to know more about the field.

Thanks to Hon. Secretary, AISSMS Society, Management & Dr. D.S.Bormane (Principal, AISSMS College of Engineering) for their support to organize this activity.

Event Report

Date: 13 Oct 2021

Expert: Mr. J.A.Patel, Convener IIC Sandip Foundation

Faculty Coordinator: Mr.V.B.Gawai, E & TC Dept, AISSMS COE

Department of Electronics and Telecommunication Engineering Pune in association with Institutions innovation Council celebrating "Innovation and start-up Week" on the occasion of Dr.A.P.J.Kalam's Birth Anniversary organized a National Level webinar is on "**Everything You Should Know About Incubation**". This webinar intended to know and understand the process, Ideas and effective establishment of "start-ups and Incubation"

The Expert at the event was Mr.J.A.Patel, Assistant Professor in E & TC Engineering , Convener IIC Sandip Foundation. He shared his experiences, discussed start-up ideas and put some light on various funding and linkages that can be done for incubation centres and successful establishment of start-ups. Experts gave away answers to various queries raised by faculty members and student's. Dr.D.S.Bormane, Principal AISSMS COE, invited as the guest of honor for the event.

Target audience for the event was Faculties and students.

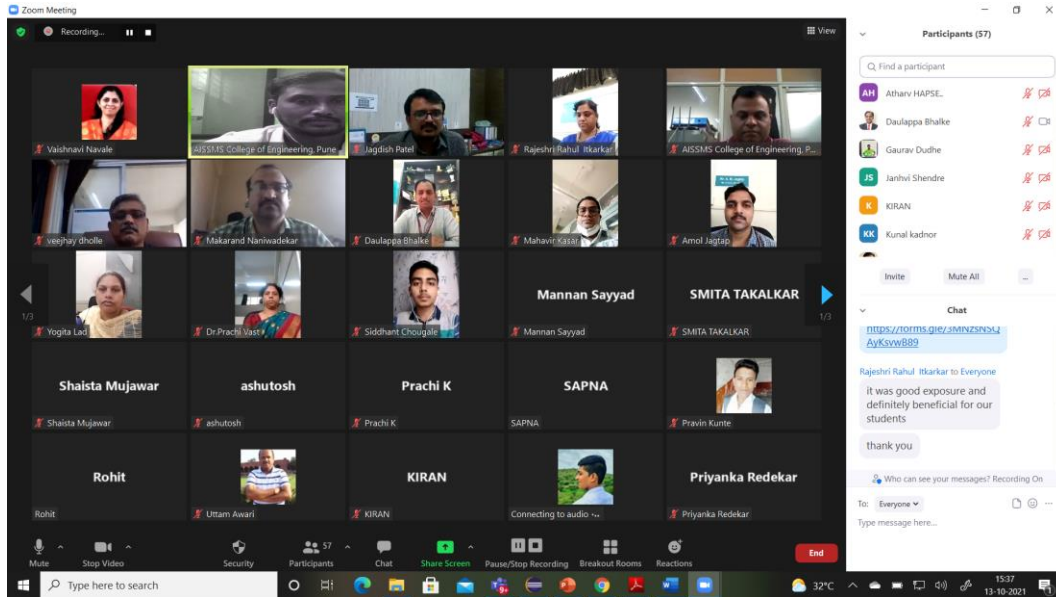

Number of Participant: 70

Objectives of Webinar:

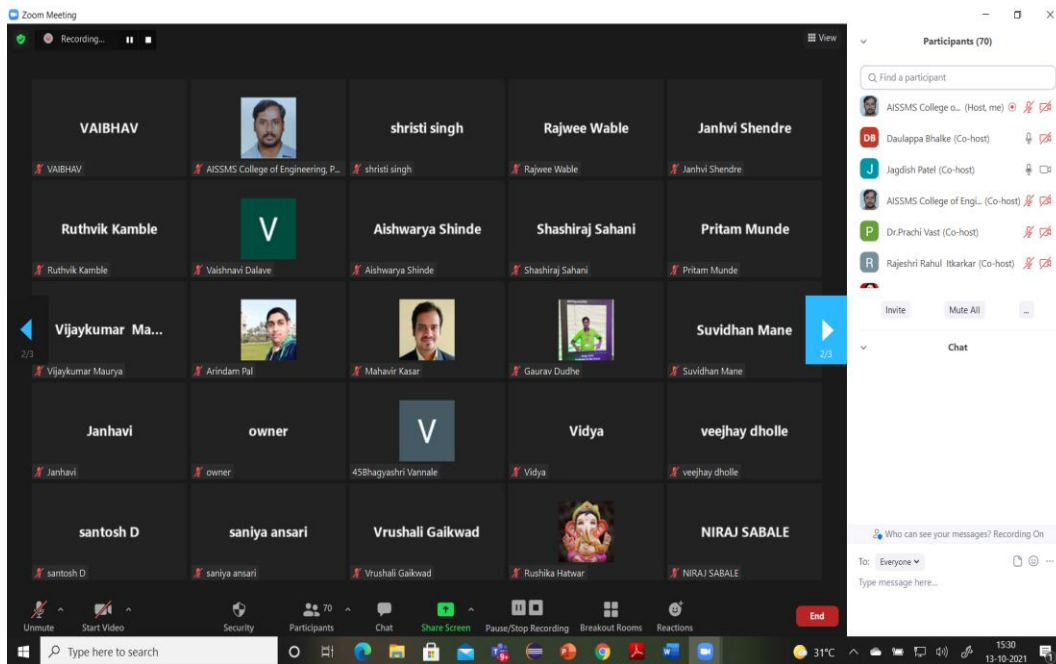

1. Opportunities for Students to have their own Start-ups within academics.
2. To Understand process and establishment of start-ups.

Outcome of Webinar:

1. Students understand the various process and documentation require for start-ups and linkages with incubation center.
2. Got Knowledge about Various funding available for start-ups.

Name of Event: Webinar on "Entrepreneurship and Atmanirbhar Bharat for Start Up India"

Date: 07.07.2021

Time: 05.00 pm

Speaker: Dr. Enty Ranga Reddy, Chairman and Managing Director, Legend Technologies (India) Pvt. Ltd. Bangalore & AISC Chairman, IE(I), Kolkata

No. of Participants: 2677

Agenda

| Sr No. | Activity | Time |
|--------|--|-----------|
| 1. | Welcome by Anchor | 1 min |
| 2. | Saraswati Vandana | 2 mins |
| 3. | Virtual Felicitation | 1mins |
| 4. | Address By Prof. Nitin Mawale, Coordinator of Webinar & Faculty Advisor, IE(I) Students' Chapter | 3 mins |
| 5. | Address By Dr. D G Bhalke, Convener & HOD E&TC | 3 mins |
| 6. | Address By Dr. D.S. Bormane, Principal AISSMS COE, Pune | 5 mins |
| 7. | Introduction of Chief Guest "Dr. EntyRanga Reddy" | 1 min |
| 8. | Keynote Address By Chief Guest "Dr. EntyRanga Reddy" | 45-60mins |
| 9. | Moderator Dr. D G Bhalke: Question - Answer Session | 10 mins |
| 10. | Vote of Thanks | 2 mins |
| 11. | Virtual Photo session | 2 mins |

Event Report:

Objective: The objective of the webinar was to explore the role of entrepreneurship in realizing the vision of Atmanirbhar Bharat (Self-Reliant India) and to discuss opportunities and challenges for startups in contributing to India's economic growth and innovation ecosystem.

Key Topics Discussed:

Atmanirbhar Bharat Mission: Overview of the Atmanirbhar Bharat initiative and its objectives to promote self-reliance, innovation, and entrepreneurship in various sectors of the economy.

Startup Ecosystem: Examination of the current startup ecosystem in India, including government initiatives, support mechanisms, and funding opportunities for aspiring entrepreneurs.

Entrepreneurial Mindset: Discussion on the importance of cultivating an entrepreneurial mindset characterized by innovation, resilience, and risk-taking for startup success.

Sectoral Opportunities: Exploration of key sectors with growth potential for startups in India, such as technology, healthcare, agriculture, renewable energy, and manufacturing.

Policy and Regulatory Environment: Analysis of policy reforms and regulatory frameworks aimed at fostering a conducive environment for startup growth, including ease of doing business reforms and taxation policies.

Key Insights:

Innovation and Adaptability: Emphasized the role of innovation and adaptability in addressing market needs and driving business growth, especially in the context of rapidly evolving global challenges.

Access to Finance: Highlighted the importance of access to finance and investment capital for startups to scale their operations and expand their market reach.

Collaboration and Networking: Advocated for collaboration and networking among startups, industry stakeholders, academia, and government agencies to foster knowledge sharing, mentorship, and partnership opportunities.

Skill Development: Underlined the need for continuous skill development and capacity building among entrepreneurs to enhance their managerial, technical, and leadership capabilities.

Call to Action:

Promote Entrepreneurial Culture: Encourage the development of an entrepreneurial culture that celebrates innovation, risk-taking, and creativity at all levels of society.

Support Startup Ecosystem: Advocate for policies and initiatives that support the growth and sustainability of startups, including access to finance, infrastructure, and mentorship.

Harness Technology: Harness the power of technology and digital innovation to address societal challenges, improve efficiency, and create new business opportunities.

Conclusion: The webinar on "Entrepreneurship and Atmanirbhar Bharat for Startup India" provided valuable insights into the role of entrepreneurship in realizing the vision of Atmanirbhar Bharat and fostering a vibrant startup ecosystem in India. By leveraging innovation, collaboration, and policy support, startups can contribute significantly to India's economic resilience and global competitiveness.

Feedback: Participants commended the webinar for its informative sessions, insightful discussions, and actionable recommendations for aspiring entrepreneurs and policymakers. Many expressed a renewed enthusiasm for entrepreneurship and a commitment to driving positive change in the startup ecosystem.

40 of 40 points

The term "WIPO" stands for

2/2

- (a). World Investment policy organization
- (b). World intellectual property organization
- (c). Wildlife Investigation and Policing organization
- (d). World institute for Prevention of organized

Which of the following is an "intellectual property" as per IPR Laws in India?

2/2

- (a). Original literary work
- (b). Industrial Design of Maruti800 car
- (c). Trademark of Tata company
- (d). All the above

A company wishes to ensure that no one else can use their logo. *

2/2

- (a). Copy rights
- (b). Trade mark
- (c). Patent

(d). Industrial designs

A singer wishes to assign the rights to reproduce a video she has made of her concert. *

2/2

- (a). Copy rights
- (b). Trade mark
- (d). Industrial designs
- (c). Patent

A new way to process milk so that there is no fat in any cheese made from it is covered under: *

2/2

- (a). Copy rights
- (b). Trade mark
- (c). Patent
- (d). Geographical indications

Correct answer

- (c). Patent

A company has decided to invest in outer shape design of bottle in which they would fill the perfume produced by them, and which is distinctive, and they wish to ensure that they have sole use. *

2/2

- (a). Copy rights
- (b). Trade mark
- (c). Patent
- (d). Geographical indications

A company decides to use a logo that has the same shape as its competitor but with a different color. It is a violation of: *

2/2

- (a). Copy rights
- (b). Trade mark
- (c). Patent
- (d). Industrial designs

Which of the following is not an intellectual property law? *

2/2

- (a). Copyright Act, 1957
- (b). Trademark Act, 1999
- (c). Patent Act, 1970
- (d). Customs Act, 1962

Copyright law applies to forms of expression contained in*

2/2

- (a). Song lyrics and musical compositions
- (b). Sculptures and paintings
- (c). Dramatic and literary works
- (d). All of the above

Trade in services includes which of the following?

2/2

- (a). Computer hardware
- (b). Textiles
- (c). Insurance
- (d). Aerospace

Trademark law protects... *

2/2

- (a). Words, symbols or devices that differentiate goods or services from one another.
- (b). Only brand names
- (c). Names of specific people and places
- (d). Inventions that feature some sort of utility function

Which of the following principles is applicable to trademarks? *

2/2

- (a). A trademark should be distinctive
- (b). A trademark should be capable of distinguishing goods or services
- (c). A trademark should not cause confusion with previous trademarks
- (d). All of the above

The term of copyright for an author lasts how long?

2/2

- (a). The life of the author
- (b). The life of the author plus 60 years
- (c). 95 years
- (d). 75 years

The rights provided by copyrights are *

2/2

- (a). Reproduction of the work in various forms
- (b). Public performance and translate into other languages
- (c). Broadcasting by radio or cable
- (d). All of the above

Why an invention should be patented? (a). It gives protection to a patentable invention. (b). It gives legal recognition to the invention. (c). It makes others aware of the fact as to whom does the invention belong (d). Patenting one's invention

make useful data relating to the invention available to other inventions for further research and development. Out of four reasons given above, identify the correct reasons: -*

2/2

- (a). (ii) and (iii)
- (b). (ii), (iii) and (iv)
- (c). None of the above
- (d). All of the above

The rights of a patentee are

2/2

- (a). Sell or distribute
- (c). Assign the property to others
- (b). License
- (d). All of the above

Symbol of Maharaja of Air India is*

2/2

- a. Copyright
- b. Patent
- c. Trademark
- d. All of the above

Design does not include*

2/2

- a. features of shape
- b. composition of lines or colours
- c. mode or principle of construction
- d. None of the above

Which of the following is (are) included in Geographical indications of Goods?

2/2

- a. Handicraft
- b. Foodstuff
- c. Manufactured
- d. All of the above

Prior art search includes*

2/2

- a. Search of Patent literatures
- b. Search of Non-patent literature
- c. Both (a) and (b)
- d. None of the above

REPORT

One week Short term training Programme sponsored by AICTE was organised by Department of Production Engineering AISSM Society's College of Engineering, Pune in three phases on "Innovative and Inventive Problem Solving" from 22nd June to 18th July, 2021. Around 122 participants registered for the first phase of STTP with a good blend of participation from industry and academia. In second, third and fourth phases this number got increasing significantly as 316, 254 to 841 with participants from National to international interests. Here is the detailed report on how the proceedings went during the three phases of STTP.

Inaugural session for phase I was done with initial announcements and welcoming of all dignitaries, guests and participant faculty members by Col. B Venkat and Dr K N Nandurkar. It was followed by briefing about entire FDP and upcoming program details by the Coordinator Dr. S H Wankhde. Dr. S H Wankhade, Head of the Department, Production Engineering addressed the attendees and gave an overview about Department of Production Engineering, AISSMS COE, Pune. This was followed by address from Dr. D S Bormane, Principal, AISSMS'COE, Pune. He also put an insight on achievements of AISSMS COE, and officially initiated the program. Chief Guest for Inaugural session was Col. B Venkat from AICTE New Delhi and Dr K N Nandurkar. Dr K N Nandurkar continued with his key note address for the first session.

In all eighteen sessions were conducted in the first phase with speakers from industry, academics and research institutes. The sessions included sessions on various aspects of Innovative techniques and solutions methodologies for inventive problem solving. At the end of sessions, assessment test was conducted for the participants with 60 % marks required for passing the test. Similarly, the next three phases were conducted. The smooth conduction of the STTP was possible due to the efforts of Dr. S H Wankhade, Coordinator; Prof. N G Shekapure, Co-coordinator; Prof. S S Kallurkar, Co-coordinator, and Prof N P Mawale, and Members of organising team.

APTE Quality Improvement Scheme

Creative Problem Solving (CPS)

- Creative problem solving (CPS) is a way of solving problems or identifying opportunities when conventional thinking has failed.
- It encourages you to find fresh perspectives and come up with innovative solutions, so that you can formulate a plan to overcome obstacles and reach your goals.

Spiral Dynamics and Business Recoded

22 June 2021

Prakash R. Apte, PhD
 APTennovate Pune

From DESIGN to DESIGN THINKING

from MAKING PEOPLE WANT THINGS to MAKING THINGS PEOPLE WANT

From Aesthetics, Functional to Experience

TRIZ & IP – The Connect

TRIZ is "a problem-solving, analysis and forecasting tool derived from the study of patterns of invention in the global patent literature"

Neuro - Inventiveness

Purpose: **Final Vision**
 Absence of Error Dialogue

"The part of brain that processes language isn't the one which feels emotions and takes decisions."

Secret Fantasies...Shushh

Everyone's secret wish is to be their own boss - AN ENTREPRENEUR.

Are you sure why you want to become one?

Are you sure you have a viable IDEA?

Are you equipped to manage the IDEA?

Are you confident to associate your idea into a business format?

Innovation

What do you understand by terms 'innovation' and 'creativity'?

Innovation is the embodiment, cost value, and synthesis of knowledge in form, method, and new products, processes, or services.

Innovation is a methodical, decision method which involves human individuals or societies.

Confusing?

Innovation is something fresh (new, original, or improved) and it creates value.

What is Value Engineering is NOT!

- Cost Cutting
- Design Review
- Project Elimination
- Scope Reduction
- Quality Reduction
- Detailed Cost Estimating
- Redesign

What is Value?

Value is the amount of satisfaction, Derived by the customer with respect to the price he has paid, For accomplishing his needs.

Note: Value is relative, context dependent and time dependent.

"Batteries we are talking about now!"

Change in Technology

Environment

Ecological integrity is maintained, all of earth's environmental systems are kept in balance while natural resources which they are consumed by humans at a rate where they are able to replenish themselves.

About AISSM COE Pune

All India Shri Shivaji Memorial Society was established in 1917 by Rajashri Chhatrapati Shahu Maharaj of Kolhapur with the sole purpose of promoting the noble cause of education. Society runs 21 educational institutions and College of Engineering is one of them.

About AISSMS COE Pune

The All India Shri Shivaji Memorial Society (AISSMS) was established in the year 1917 by Late H H Shrimant Shri Shahu Chhatrapati Maharaj of Kolhapur to promote the noble cause of education. The AISSMS COE, Pune is a co-education Institute established in 1992.

The College of Engineering is affiliated to the University of Pune. It conducts AICTE approved courses leading to the degree of Bachelor of Engineering (BE) in eight engineering streams and Master of Engineering (ME) in seven engineering streams.

The College has highly qualified and experienced faculty on its roll. The laboratory, computer and library facilities in all Departments are well developed. The College gives substantial emphasis on the teaching learning process. The College also provides unlimited broadband internet facility to the students. Besides national journals, the international journals are made available to the students and the faculty.

About Production Department

The Department of Production Engineering having unique Sandwich pattern, was established in the year 1994 and has graduated many qualified engineers, working at very well-known organizations in India and abroad.

About STTP

This STTP will help the participants to understand the Creative thinking process to solve problems in an innovative way in order to fetch huge benefits. Although many people associate Creative problem solving as mere brainstorming; but it is way different when breakthrough win-win solutions are expected. Everyone agrees that solving a 'right' problem is key to success, but how to find the same is always a challenge. At times it resorts to domain knowledge and subject matter expertise only. On the contrary there are many structured methods which empowers us to reach out to the best solution in the quickest time. There will be several innovative and inventive concepts shared in this STTP viz.

- If we need to attain ideality in problem solving, we need to ensure that we utilize all the resources, even the harmful one!
- People don't want products but want functions to be performed!
- There is a law of evolutions of products, which applies to each product!
- The solution finding has algorithmic steps which are repeatable, reliable and teachable! Along with Voice of Customers, there is also Voice of Product!

STTP Coverage

Basic Innovation and Invention concepts, introduction to TRIZ, Design Thinking, VAVE and other Innovation methodologies with actual case studies shared by innovation experts.

Key to Start Up
On Date:12/10/2021
Report For IIC submission

1. Objectives of program:

The prime objective of the webinar understood the Need and Concept of Startup and a key to startup journey. The discussion included the concept of improving the creativity, the comparative between creativity, innovation and invention. Understanding the concept of design and impact on saving time, effort, cost and experience. Improving degree of innovation through incremental and radical breakthrough. Importance of design thinking and its process. Role of design thinking mindset in the creative stages. Understanding the concept of new product and how to develop a new product. Steps involved in startup. Tools and techniques required for innovation

2. Participants benefit or returns or output:

The occasion was graced with the guidance and presence of invited speakers Mr. Shrirang Gokhale and Mr. Biman Gandhi. How to develop creativity as habit and its influencing areas. The product creation process involved for startup idea generation. Changing product creation process from knowledge to business, from invention to implementation, from individual to team, in house design to co-design, From Engineering Delight to customer delight and historical superiority to new reality. Innovation that is also feasible and viable through people, business and technology. The participants were explained the concept of degree of innovation with a case study. How is the startup process impacted by customer, technology, employee and supplier? Different factors were discussed in terms of business of integration like research, design, develop, and

Accredited by NAAC with "A+" Grade

produce, quality, marketing, sales and service. Process of design thinking and its modules like Empathize, Define, Ideate, Prototype and Test were explained by practical examples. Categorization of mindset in creative stages with the aid of color coding for design thinking process. Yellow for define problem, green for generating ideas and red for evaluate and choose. Various effects of introducing new product in the market which helps to broaden the market for an existing product. Scope of product creation, environmental considerations. Types of problems involved in start up. Who is an entrepreneur and what entrepreneurship is. The option list for novel startups and various problem statements were discussed. Where should one innovate in like product, process, service, business model, value, market before we start up. Described the concept of value proposition. Action plan for startup problem identification and solution.

Organized Webinar on

Entrepreneurial Thinking Skills for Startup and Innovation

Date: 24/03/22

1. Objectives of program:

The objective of the expert lecture threw light on the topic of entrepreneurial thinking skills for startup and innovation. The interactive session was based on why entrepreneurship is important and what are advantages of becoming an entrepreneur. Improving the chances of an individual looking forward to becoming an entrepreneur. The discussion was thought to be helpful for the participant and focused on opening ways into the entrepreneurial world. Helpful Hands during an entrepreneurial journey and uplifters were to be discussed. Decision making processes were to be discussed. Steps involved in a startup and innovation. Creating E-cells and groups for easy journey. Different activities and tasks for participants.

2. Participants benefit or returns or output:

The lecture was given by Dr. Madhulika Sonavne and Dr. Prajakta Joshi combined on Entrepreneurial Journey and all the hurdles faced by an individual. Participants were encouraged to face their fears to become an entrepreneur and seek ways to create their own worth. It was an eye opener for participants to create their future into this field and march in as the entrepreneurs of the new era. They were encouraged to find themselves as innovators and seeking the right opportunities in front of them. Different activities helped the participants to think out of the box and have a wider vision. Identifying the problems into the market and creating solutions for the same was introduced to the participants. Stages of startup- ideation, prototyping, testing, validation, and commercialization were explained to the participants. How to plan, organize, resource,

Production Engineering
AISSMS COE, PUNE I**

execute in an entrepreneurial journey were taught. Funding a startup and finding incubators and accelerators was also taught to the participants. Creating a group of participants and leading it to an E-cell was also taught. Live examples helped the participants to understand the concepts clearly. Importance of having different thinkers in a group and understanding individual role was explained. Overcoming with the hurdles faced and seeking stability in the future was also introduced to participants. Offline expert lecture led to an interactive session with the participants in generating advantages in the market. Making the use of technology available to the full extent was also taught. Being competent, committed and passionate about one's idea was bought into limelight. Different available supports for a new startup or an organization were also introduced.

Career Options: Opportunities and Challenges

On Date:02/05/22

Report For IIC submission

1. Objectives of program:

The objective of the webinar was to make students aware about different career options waiting ahead of them after they pursue their bachelors. Webinar was based on how an individual faces different challenges in finding a job or looking for higher education. Webinar was to encourage students on becoming an entrepreneur and the advantages of being one. Webinar was expected to be a helping hand for the students to be clearer about what they want to pursue in future. Webinar was also expected to be a doubt solver for the students who are stranded regarding their career. Different options available for a student were to be discussed. How to pursue higher education in India as well as abroad was to be discussed. Converting challenges into opportunities and taking each and every step with great caution and care was to be taught.

2. Participants benefit or returns or output:

The webinar was given by Mr. Paras Doshi who is a team leader in inventory control department at Wayfair, Germany on how students have different opportunities waiting ahead of them. Students were informed about how to choose a path for them and become worthy in every field. Speaker encouraged students to become entrepreneurs where they own a business and achieve great heights with everything self-owned. The alumni also explained the benefits of choosing higher education abroad and making the most out of the available time. Speaker helped the students on creating a good

f. Vajray
**Head of Department
Production Engineering
AISSMS COE, PUNE I**

LinkedIn profile and finding the best job possible for the student. Speaker threw limelight on how having extra skills has its benefits while searching for a job. Students were made aware how an ideal entrepreneur works and the abilities required in becoming one. The importance of creativity was explained. Working in the market, investments were also taught to the students. Students were coached on the hurdles and risks involved in entrepreneurship and how to overcome them. Students were trained to face every challenge they face in the upcoming future. In the end the speaker also explained the importance of health and how health creates wealth. The session ended with a short Q&A which definitely helped students clear their doubts regarding their future. All in all, the webinar was a great success.

Entrepreneurship and Skill Development
Organized Seminar
Entrepreneurship Awareness Program

On Date:06/05/22

Report For submission

1. Objectives of program:

The objective of the Seminar was to make students aware about entrepreneurship which is the current need of the hour. Seminar was based on how job givers have more importance than job seekers. It also spoke about how an individual faces different challenges in finding his or her core of entrepreneurship. Seminar was to encourage students on becoming entrepreneurs and advantages of being one. Seminar was expected to be a helping hand for the students to be clearer about what they want to pursue in future. Seminar was also expected to be a doubt solver for the students who are stranded regarding their entrepreneurial journey. Students were introduced with Bharatiya Yuva Shakti Trust (BYST), Pune which is a platform for Indian youth to turn their business ideas into profitable enterprises, with guidance and support of a mentor. BYST aims at providing all kinds of support to the under-privileged Indian youth in order to help them turn their business ideas into successful business ventures. It is a non-profit organization which provides mentorship along with loans from one lakh to 50 lakhs for age group 18 to 35 years to all the young students who aspire to become an entrepreneur.

2. Participants benefit or returns or output:

The Seminar was given by Ujwala Gosawi ma'am and Mr. Virendra Ingle. Ujwala ma'am who herself is an entrepreneur helped students understand the importance of entrepreneurship. She also guided students on how to begin the journey. Becoming an entrepreneur requires innovative thinking, vision, mentorship etc. She also explained how BYST would help students to begin their entrepreneurial journey.

f. Vaishay
Head of Department
Production Engineering
AISSMS COE, PUNE I

Later Mr. VirendraKamble took over the session and explained the difference between job givers and job seekers. He then clearly mentioned that both the categories have their own advantages, but becoming an entrepreneur makes you an innovator. Becoming an entrepreneur requires clarity, adaptability, aspiration to grow and learning skills. He explained his own challenges during his journey. The session ended with a short Q&A which definitely helped students clear their doubts regarding their future. All in all, the Seminar was a great success.

All India Shri Shivaji Memorial Society College Of Engineering - Pune

Date : 20th May,2022
Mode of Conference : Hybrid

National Conference on Innovation in Engineering and Technology - (NCIET 2022)

About Host Institute

The All India Shri Shivaji Memorial Society (AISSMS) was established in 1917 by Late H H Shrimant Shri Shahu Chhatrapati Maharaj of Kolhapur to promote the noble cause of education. The AISSMS COE, Pune is a co-education Institute established in 1992. The College of Engineering is affiliated to the Savitribai Phule Pune University Pune. AISSMS COE conducts AICTE approved courses leading to the degree of Bachelor of Engineering (BE) in eight engineering streams and Master of Engineering (ME) in seven Engineering streams and two PhD program. AISSMS COE is Accredited by "A+" Grade by NAAC and awarded as "Best Engineering College" in Urban region in 2019-20 by SPPU Pune. The college is Grouped under "Gold Category" as per AICTE-CII survey of Industry Technical Institute 2020 and Ranked 39th among top 155 Engineering college in India by Times Engineering Institute Survey 2020. AISSMS COE also recognized as one of the Best Engineering College in India by Business Connect, 2020. The College has highly qualified and experienced faculty on its roll. The College gives substantial emphasis on the teaching learning process and holistic development of students.

About Conference

The conference will motivate the researchers to overcome the challenges, and inspire them in advance emerging technologies. The program consists of peer-reviewed paper presentation of technical research articles in various tracks. In addition, keynote speech will be delivered by eminent expert of respective field. This interaction will facilitate better understanding about technological research developments among the participants.

Objective of Conference

The objective of conference is to provide common platform to students ,research scholars, experts, academicians, scientists and engineers to present their innovation and to exchange their innovative ideas in the fields of technology .

Call of paper

Electronics & Telecommunication

- 1.Signal Processing
- 2.Power Electronics and Electronic Devices
- 3.Embedded system and VLSI design
- 4.Machine Learning and Artificial Intelligence
- 5.Internet of Things
- 6.Wireless Communication system

Chemical

- 1.Chemical Process Intensification
- 2.Process Modeling and Simulation
- 3.Green Energy
- 4.Environment and Sustainability
- 5.Material Science and Nanotechnology

Computer

- 1.Security and Cloud Computing
- 2.Network and Information Security.
- 3.Application of Artificial Intelligence and Data Science.
- 4.Application of Optimization Algorithms

Electrical

- 1.Electric and Hybrid Vehicles
- 2.Energy Harvest and Storage
- 3.Power quality in grids with distributed generation and renewable energy
- 4.Electrical Power and Control
- 5.Smart Grid Technology
- 6.Industrial Automation

Mechanical and Production

- 1.Design Engineering
- 2.Thermal Engineering
- 3.Industrial Engineering and Management
- 4.CAD/CAM/CAE
- 5.Advanced Materials and Manufacturing

Civil

- 1.Structural Engineering and Structural Audit
- 2.Construction Management and Construction Techniques
- 3.Environment and Water Resources Engineering
- 4.Geotech and Infrastructure Engineering
- 5.Remote Sensing and GIS

Important Dates

Important Dates:

- **April 10, 2022: Last date of Paper Submission**
- **April 25, 2022: Notification of Acceptance**
- **May 1 , 2022: Camera ready Submission**

Registration Details

- Original quality papers may apply for paper publication
- Registration Fees Rs.500/- (Includes publication in proceeding of NCIET 2022, Breakfast & Lunch for registered participant)
- For attendee additional Rs.200/- extra
- All selected & presented papers will be communicated to UGC care-list journal for further inclusion based on quality of paper.
- Publication charges for UGC carelist Journal Rs.3000 /- per paper.
- A similarity of 10% or lower is considered acceptable for publication.
