PLEASE READ CAREFULLY:

When you arrive in the UK, you will need to confirm your address to the University

and following that you will receive your Biometric Residence Permit (BRP) within 10 days. You will be required to show a physical copy of your BRP to the university after you have arrived in the UK.

It is your responsibility to check your BRP card once you have received it to ensure that you have been given the correct leave to remain and that there are no errors including incorrect names, working hours and start and end dates. If your BRP card does contain error/s please contact our International Student Support team at ISS@cardiff.ac.uk as soon as possible in order for them to assist you on this matter.

Level of course:

When completing your visa application, please select the correct RQF level, which is the same as the NQF level listed above. For example, if your course is on QCF_NQF6, please select RQF level 6; if your course is on QCF_NQF7, please select RQF level 7; and so on. Only select CEFR B2, if your course level listed above is CEFR B2.

The BRP is your visa for the duration of your course and you will need this to enable you to travel freely within the UK and back home when necessary. Your BRP will include your name, date and place of birth, your fingerprints and a photograph of your face. It will also include your immigration status and any conditions of your stay within the UK, including how many hours you are allowed to work per week while in the UK.

For more information on the BRP please see the UK Government information website.

You do not need to print this statement for your visa application, however if you wish, you may print a copy for your records.

Further information on immigration and studying in the UK is available at:

Dear Anjali Milind Chaudhari,

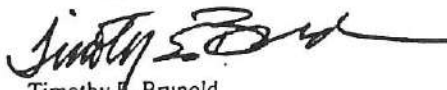

Congratulations on your admission to graduate study at the University of Southern California. Your academic records indicate that you will make a significant contribution to academic life at the university.

You have been admitted as a graduate student in Computer Science within the Andrew and Erna Viterbi School of Engineering for Fall 2023. Your degree objective is the Master of Science. Please include your USC ID (7711-2804-78) whenever you correspond with the university. This admission is offered subject to your maintaining your present level of academic achievement. If you have not already done so, you must provide proof of satisfactory completion of any studies in progress, and submit final academic records from each institution you have attended. Important information about placement exams and orientation will be sent to you by e-mail. While enrolled at USC, you are expected to maintain a 3.0 GPA or better to remain eligible to complete your degree. Please note that any courses taken outside of those specified for your degree program in the USC Catalogue require advance approval from your department. Change of major requests may be submitted only after completion of your first semester. Please carefully review the Continuing Registration Requirement information which lists all the requirements you must meet within your first term(s) of USC enrollment to continue in your degree program. You must meet with a staff advisor to resolve these conditions.

We encourage you to review the admitted student portal at gradwelcome.usc.edu, which includes specific information about registration and enrollment. You will also find a link to the portal at you.usc.edu when you click on the Statement of Intent button. Please submit the Statement of Intent: Graduate Studies form whether or not you decide to enroll at USC. Certifying your USC enrollment will allow you to create your university e-mail account, register for Graduate Student Orientation, and access your USC records.

We are delighted to officially welcome you to our community of scholars, and look forward to seeing you on campus!

Sincerely,

Timothy J. Brunold
Dean of Admission

CONTINUING REGISTRATION REQUIREMENTS

You have been admitted with the following continuing registration requirements. These requirements must be met prior to or during your first term(s) of enrollment at the university. Failure to do so may result in termination from the program.

-- Verification of all your previous post-secondary degree(s) earned outside of the United States is required. You must satisfy this continuing registration requirement by engaging the International Education Research Foundation (www.ierf.org/usc) to verify your credentials. Please review this service's requirements and fees on their special USC web page and follow their instructions. The evaluation service will send a verification report directly to USC.

Dear Mr. Bhandari,

I am pleased to notify you of your admission to the Graduate School at NC State. We look forward to having you join us and trust that you will find your experience here a rewarding one. [Learn more](#) about graduate education at NC State. Our records on your admission carry the following information:

Admission status: Full Admission *
Degree Program: Master of Civil Engineering (MR) - On-Campus
Concentration: Construction Engineering
Note: this is an unofficial concentration, it will not be printed on your transcript or diploma

Intended enrollment term: Fall 2022

Tuition Classification: Out-of-state

Unity ID: pmbhanda ([Click here to learn more about your Unity ID.](#))

Once

you have used your unity ID to login to an NC State system, you may need to sync your password, if you are not able to login to all NC State systems. [Click here](#) to learn how to sync your password.

Admission Information: Please review the [new student checklist](#) for important information to get you started in your graduate education at NC State!

Students are admitted to a specific semester or summer term. If you wish to request a deferral of your admission, you must notify the graduate program to which you applied. Your program must then send a written request to the Graduate School asking that your admission date be changed. If this request is approved, your online admission letter will be updated and you will be notified. Please note that admission may be deferred no more than one year beyond the original entry semester/year noted above. You have up to one year from original application submission date to request a deferral. Important information regarding registration is available at the following website: <https://studentservices.ncsu.edu/your-classes/registration/>.

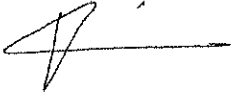

Enrollment Information: Your graduate program requests that you indicate your intent to enroll by completing the enrollment form (available via your application status portal)

Immunization Record and Report of Medical History: Submit your Report of Medical History to Student Health Services immediately upon acceptance to ensure you are in compliance with North Carolina Immunization law. We strongly encourage new students to submit records of required immunizations online at <https://sso.medicatconnect.com>. Check your NCSU e-mail for updates.

Transcripts: Please make sure that you have sent the Graduate School official transcripts of all coursework taken and all degrees awarded at any institution of higher learning that you have attended. If you are currently enrolled at such an institution, upon completion of your program there, you should ask the registrar to send the Graduate School an updated official transcript covering all work completed and a statement of any degree

If we can assist you with any other matters, please contact the Graduate School at graduate-school@ncsu.edu.
I look forward to your joining the graduate community here at NC State.

Sincerely,

A handwritten signature in black ink, consisting of a stylized 'P' followed by a horizontal line.

CONGRATULATIONS

GRE

Northeastern College of Professional Studies

October 21, 2021

NUID: 002923198
Campus: Boston

Dear Aishwarya Vitthal:

It is my pleasure to inform you that you have been accepted into Northeastern University's College of Professional Studies Master of Science in Project Management program for the Winter 2022 term at the Boston campus with a January start date.

Our regionally accredited programs provide an educational experience that is founded on proven scholarship strengthened through practical application and sustained by academic excellence. Here at the College of Professional Studies, we are committed to providing you with a high level of academic excellence and superior service.

Your acceptance to the College of Professional Studies is granted under the following condition(s):
You must submit final official transcripts showing degree conferral and date.
Additionally, your offer of admission is contingent upon your satisfaction of all local, state, and federal laws.

Upon successfully meeting the condition of your acceptance, you will be formally accepted into the program and admitted to the University. If the condition is not met, your conditional admittance will be rescinded and you will not be able to continue to register for classes. Should any changes to your condition of acceptance and/or program requirements occur, you will be notified of the changes and be held to any new standards put in place.

Now that you have been accepted, please confirm that you plan to attend by completing the enrollment confirmation form. This is also a great time to visit our website for accepted students which will help guide you through the enrollment confirmation process and important next steps such as activating your myNortheastern account, submitting official transcripts, and exploring program curriculum.

In addition, you can view our current course offerings online at <https://registrar.northeastern.edu/group/catalog/>. It is important to note that you are required to follow the program curriculum that is in effect during the Winter 2022 term. Please review the curricula at the beginning of your start term to be sure you have the most up to date information.

Registration will open six weeks prior to the start term. Once registration is open for the Winter 2022 term, you should create your myNortheastern account. myNortheastern is a portal where you will receive critical information from the University and College, access billing and course information, and several other student related items. Once you have created your account you can proceed to register for classes via the student portal.

All admitted students who will be studying with an F-1 visa would need a Form I-20. Please contact the office of Global Services to begin your I-20 process at <https://international.northeastern.edu/ogs/getting-started/>

On behalf of the faculty and administration at Northeastern University, I would like to congratulate you on your admission. I am sure you will find the College of Professional Studies an exciting and intellectually challenging place to further your education.

Sincerely,

David Fields, Ph.D.
Senior Associate Dean
Academic and Faculty Affairs

College of Professional Studies - Graduate Program
Northeastern University

FOR ALL STUDENTS

Students admitted to Northeastern will have access to limited services through the myNortheastern portal. As you transition from an admitted to an enrolled student, your access to myNortheastern services is automatically modified.

Student Account Claim:

Students eligible for a Northeastern online account will receive an automated account claim email 1 business day after decision is published. Eligibility is based on admission data in university systems. Students can follow the steps below to claim their online account.

To claim a student account:

1. Open Account Claim email.
2. Click on the "Claim your Northeastern online account now" claim token in email
3. Follow the prompt to enroll in Duo, the university's two-factor authentication provider.
4. Complete the "Student Account Claim" form.
5. Review and accept the "Northeastern University Appropriate Use Policy"
6. Create a password.

If you are unable to claim your student account:

There are several reasons why you may not be able to claim your student account, including:

- University admission data on file indicates that you are not eligible for a myNortheastern account and have not been sent an account claim email.
- You have not accepted the Northeastern University Appropriate Use Policy for Computer Network Resources.
- Your password doesn't meet the minimum length requirement.

If you need additional support with the account claim process, the IT Service Desk is available 24/7. Call 617. 373.HELP [4357] or email help@northeastern.edu.

Dear Pooja,

On behalf of the Graduate School of Virginia Tech, I am pleased to inform you that based upon the recommendation of the Civil Engineering faculty, we can offer you admission to the Master of Science in Civil Engineering program for Fall 2021 at the Blacksburg campus. Congratulations!

If you have not already done so, please provide an official final transcript(s) indicating that prior degree work has been completed and any applicable official test scores prior to enrollment. Please contact your academic department for further information regarding your admission, including any necessary prerequisites.

At Virginia Tech, we are committed to providing you with a quality graduate education that is intellectually stimulating and professionally focused. We believe in building a strong graduate community. During your graduate study at Virginia Tech, you will have many opportunities to participate in both academic and social activities. I look forward to welcoming you individually to the Virginia Tech graduate student community. Please let us know if you will accept our offer of admission by completing the Offer of Admission Reply form found on your student portal page.

As you prepare for your studies at Virginia Tech, I encourage you to review our comprehensive online New Student Guide.

Now that financial assistance is of concern to most graduate students. It is important that you contact your department directly regarding assistantships and other funding questions. You may also visit the Office of Scholarships and Financial Aid to identify types of financial aid for which you may be eligible to receive.

- The Free Application for Federal Student Aid (FAFSA) is the application for federal student loans and is available January 1st at www.fafsa.gov for US citizens and permanent residents.
- You may file the FAFSA with estimated tax figures if you have not submitted your federal tax return.
- The Office of Scholarships and Financial Aid recommends you submit the FAFSA by early May to give them time to process your financial aid.

To access VT information and services, you will need a Personal Identifier (PID). Your PID and password grant access to e-mail, online course materials (Canvas), Hokie SPA (course registration), My VT (portal system), the university library databases, and more. The Graduate School and many departments communicate with you via your Virginia Tech email account that is accessed with your PID. Please promptly create your PID. Your student identification number, needed to create a PID, is: 906394178. Please allow 24 hours for our systems to update before creating your PID.

GRE

Residence status for tuition purposes is initially determined at the time of your admission application submission. You can review your residence status by selecting View your General Student Information in HokieSPA. If you believe your residence status is inaccurate, please contact the Graduate School immediately. It is your responsibility to ensure your tuition billing is accurate each semester.

We want to share some additional information with you regarding immunization and health insurance.

1. All Blacksburg campus full time students must meet state immunization requirements. Visit the Schiffert Health Center website for details and a downloadable immunization history form that must be completed one month prior to arrival at Virginia Tech.
2. Virginia Tech offers a health insurance plan that can be purchased by students who are enrolled full-time. Please visit the Health Insurance website for information detailing plans available through a discounted rate negotiated by Virginia Tech.

All international students are required to purchase health and accident insurance. Students choosing an insurance plan other than the university sponsored plan must present a completed and signed/certified Alternative Insurance Waiver Form to the Student Medical Insurance Office in 110 Student Services Building before they can enroll in classes.

Visa eligibility documents will not be mailed to you until you complete all requirements as outlined on our websites for:

Blacksburg students

National Capital Region students

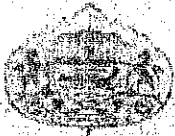

Exchange students

Once again, it is my pleasure to welcome you to Virginia Tech!

Sincerely,

Karen P. DePauw, Ph.D.

Courses and registering

You can compose your time schedule in at <https://rooster.utwente.nl/>. Use Add timetable and click on subject. Here you can insert your course codes to compose your schedule.

Before the beginning of each quartile you have to register yourself in Osiris for the courses of that quartile. Once you are registered you will get access to our electronic learning environment (CANVAS) for information about the content of the courses. You are automatically registered for all the first exams, but it is mandatory to register for resits as well. Registering is possible from 40 days to 14 days before the test.

Information and CANVAS

On the website <https://www.utwente.nl/de> you find more information, for instance about the books. Sign up to the pre-Master's Canvas page via this [link](#).

Tuition fee

Your tuition fee is based on the number of EC of your premaster: 30 EC. You have to pay the fee all-in once and restitution is not possible. The Central student administration (CSA-student services) will send you the bill. For questions about your application, registration or payment, please contact student services: <https://www.utwente.nl/ces/studentsservices/contact/>

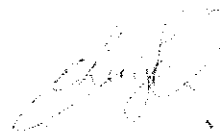

Introduction period

Please ensure that you are present at the Faculty Kick-In (25th of August, until the 2nd of September 2021). During these days you will get information on signing up for courses, timetables and ordering books. Due to the current circumstances the final programme is still in progress, therefor please check the website www.kick-in.nl regularly. Also, you can register [here](#) for this introduction.

For questions about your pre-master programme, please contact Elora Luijckx via premastercoordinator-et@utwente.nl

We wish you success with your pre-Master!

University of Manchester User ID: 11053695

Dear Noopur Ajay Kaulgi,

Thank you for your application to study at The University of Manchester. I am delighted to make you an unconditional offer of a place on the above course.

The University charges different tuition fees depending on whether a student is classified as Home or International, using criteria outlined in the Education (Fees and Awards) (England) Regulations (2007), the Higher Education (Fee Limit Condition) (England) Regulations 2017 and any other relevant regulations. From the information you have provided to us and based on the regulations currently available to us, you have been classified as a Overseas student for tuition fee purposes. Please note that your fee status can be subject to review if other information becomes available and that in exceptional cases your fee status may change.

2022/23 Academic Year: The tuition fee for this course will be GBP 24000.00.

The tuition fee will remain the same for every year of study.

Most international students will need to obtain a visa via the new Student Route to study in the UK. This offer is not a confirmation of your eligibility for a visa. Further information in relation to visas for international students is available at: [International Students](#).

A confirmation of acceptance for studies (CAS) will be sent to you in the event that you accept, and satisfy any conditions set out in, this offer. The University reserves the right to refuse admission should you arrive after the latest date for acceptance onto the course specified in your CAS.

This course requires payment of an acceptance deposit GBP 1000.00 to secure your place on this course. You can make a payment by visiting [Paying Fees](#). Please note that this deposit is non-refundable except in specific circumstances. You can find our acceptance deposit refund policy on our website: <https://www.manchester.ac>.

[uk/study/masters/admissions/after-you-apply/acceptance-deposits/](http://www.manchester.ac.uk/study/masters/admissions/after-you-apply/acceptance-deposits/).

Please let us know by 04/03/2022 whether you wish to accept this offer by logging in to [Self Service](#). If we do not hear from you by the deadline date we may withdraw this offer.

After you have chosen to accept an offer, you will be required to declare any relevant, unspent convictions. We will contact you separately to request this information. Details of this procedure can be found in our Information and Guidance for Applicants with a Criminal Conviction document which can be found at: <http://documents.manchester.ac.uk/display.aspx?DocID=17995>. This does not apply to applicants for programmes where an Enhanced Disclosure and Barring Service (DBS) check is required.

This is an academic offer of a place on the above course, and is not an offer of funding. You must make separate arrangements for the payment of fees and living costs. Information about fees, funding, living costs and accommodation can be found at www.manchester.ac.uk/postgraduate. All students are bound by the University's Ordinances and Regulations on the payment of fees and the consequences of non-payment. If you have yet to arrange funding you should still accept this offer, so that we can reserve your place on this programme.

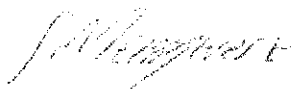

General terms and conditions relating to this offer can be found in the attached PDF. Please note, this 2022/23 version of the Terms and Conditions applies to all courses commencing during the period January 2022 - August 2023. This document is also available on The University of Manchester web site at <https://documents.manchester.ac.uk/display.aspx?DocID=11173>. The terms and conditions include important information regarding key aspects of the relationship between the University and our students and we encourage you to review the terms and conditions carefully before accepting your offer.

The University of Manchester is regulated by the Office for Students (OfS). The OfS aims to help students succeed in Higher Education by ensuring they receive excellent information and guidance, get high quality education that prepares them for the future and by protecting their interests. More information can be found at: <https://www.officeforstudents.org.uk/>.

The central Student Communications and Marketing Team send our offer holders a small number of marketing print communications over the course of holding an offer with us. The purpose of these is to give you more information about the University and the city. If you do not wish to receive them, please email printooptout@manchester.ac.uk with your name and University of Manchester ID number.

If you have any queries relating to your offer, please do not hesitate to contact us, and meanwhile we look forward to welcoming you to The University of Manchester.

Yours sincerely,

Simon Merrywest

LETTER OF RECOMMENDATION

TO WHOM IT MAY CONCERN

I am delighted to write this letter to recommend Ms. Noopur Kaulgi for the MSc program at your distinguished university. I have known Ms. Noopur for two years as a student of Mechanical Engineering and hence I consider myself to be pivotally placed to judge her aptitude and calibre. During that time, I observed Noopur grow into an outstanding individual who excels in both her academic and personal pursuits. She was very well versed with concepts and has always shown keenness to learn more than what is strictly required under the syllabus.

Ms. Noopur has shown an extremely high level of technical curiosity, independence and self-motivation throughout the time I have known her. Through our conversations, Noopur has shown her confidence and ability to solve complex problems. She is emotionally mature, confident and good natured, she is very interactive and takes initiatives in the class. Cogency and natural ease are her strong points while she endorses any discussion. This combined with her pragmatic approach has always kept ahead of her peers. She can analyse pragmatic problems exceptionally well and come out with good formulations, with her blessed eminent analytical abilities and an acute sense of reasoning. She is a student with self-reliance and good levels of self-confidence. She is well loved by her peers, as well as those who had the pleasure of teaching her. Whenever any of her fellow students were having a difficult time, she never failed to step in with an encouraging word and a smile.

Her knowledge is commendable and her willingness to constantly improve shows her ability to adapt to different situations. I feel proud to acknowledge that her co-curricular activities are appreciable. In addition, she is an active sports player, who has represented her college at various national sports competitions and acquired certain positions. She was also in the coordination team for the college sports and technical events.

Keeping in view her sincerity, versatility and passion for learning, Ms. Noopur deserves to be at a place where her potential can blossom. She is bound to be an asset to any institution she is admitted to. I strongly recommend her case and am sanguine that she will make a mark for herself in your esteemed institution.

Sincerely,

LETTER OF RECOMMENDATION

TO WHOM IT MAY CONCERN

I am writing this letter to recommend Ms. Noopur Kaulgi as a prospective aspirant for the master's program at your venerable university. I have known Noopur for the last three years whilst undertaking an undergraduate program of Engineering at our college under my supervision. Throughout the time, I was her core mentor in Engineering Design subjects. I would like to highlight some facts about her that impressed me the most.

Noopur has always proven to have a very strong clarity of thought and logic. Not only is she very quick at grasping technical concepts, she takes a step forward by applying the concepts learnt in class in her projects and assignments that makes them a delight to go through. Her quality of work demonstrates her intellectual abilities and hardworking nature. She is very efficient at managing her time and was always very punctual in submitting her assignments. She has demonstrated her leadership and decision-making skills by taking up the initiative to lead team projects and ensuring their completion in a timely and quality manner. She has an independent approach towards handling issues.

She has a thorough understanding of her subject and her alacrity for learning something new is worth appreciable. I feel proud to acknowledge her active participation in several co-curricular activities. In addition, she is an active sports player, who has represented her college at various national sports competitions and acquired certain positions. She was also in the coordination team for the college sports and technical events.

I wholeheartedly believe that Noopur will bring her exceptional energy, gaiety, passion and indefatigable creativity to your university. I am assured that her above-mentioned attributes will certainly turn out to be valuable for herself as well as for your university and will make her alma mater proud as well. Thus, she has my highest recommendation for admission into the master's program at your university.

Sincerely,

Dr. M. R. Phate

Letter of Recommendation

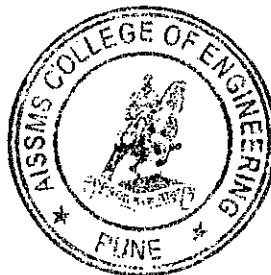

I understand that Mr. Onkar Shinde is applying for admission to the master's program at your university and I am pleased to recommend him as he is an outstanding candidate in my opinion. I have been his Head of the Department for two years and taught him "Hydraulics & Pneumatics" during his final year.

His soft skills include proficiency in public speaking and participating actively in debates and group discussions. He is also very active outside the classroom and has participated in various college events and sports activities with fruitful results. During the span of three years that I have known him, Onkar showed impressive creative talent and organizational skills in implementing theoretical knowledge in practical real-world scenarios. His performance throughout his academic career that I am aware of has been exceptional and reflected his comprehension of finer points of fluid power systems and dynamics with relevant industrial applications. He has displayed an excellent grasp of advancement in his final year project in the aspects of hydraulics and manufacturing processes.

In the classroom, Onkar has always been an attentive student. He showed sincerity in his assignments and submissions. A straightforward and guileless person, he is also very down-to-earth. Besides, Onkar is also cooperative with his peers and teachers and has leadership acumen. He understands his goals well and works hard to realize them.

Onkar is quick on the uptake and brilliant at academics. I think of him as a very capable, honest, and hard-working individual with graduate studies potential. I strongly recommend him for the MS program at your esteemed university as I am sure he will do well in whatever it undertakes. I wish him all the best.

Letter of Recommendation

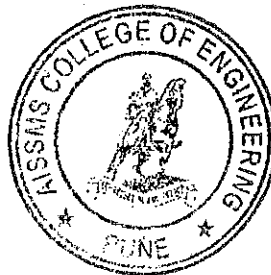

I am writing this letter in support of Mr. Onkar Prakash Shinde who is applying for the master's program at your esteemed university. I have known Onkar in my capacity as his Professor for over two years now, during which I taught him the course, "Design of Machine Elements" in the fifth semester and I have also supervised his laboratory work for this subject. During this time, I had a chance to know him better, and I must say, I was astonished by his level of thinking and his desire to achieve excellence in whatever he undertakes. Our conversations transcended small talk as we would often discuss various upcoming trends in industry. He is meticulous in his work, always attentive in class, and exhibits a positive attitude toward the curriculum.

Throughout the time I have known him, Onkar has also shown a great interest in practically aided learning techniques. We engaged in several academic activities and have approached me several times about his final year's project work showing his intractable hunger for knowledge. Besides, he has also gained experience in applying numerous complex concepts, which are critical from a futuristic perspective. His understanding of the subject matter taught in class and his implementation of theoretical topics shows his devotion to learning new things and his great enthusiasm. Onkar is a person who is always ready to take up responsibility and carries out his duties with immense dedication.

I have the deepest personal and professional confidence in him, and sincerely believe Onkar will bring his unique energy, optimism, passion, and fireless creativity to your class and university as a whole.

To sum up, Onkar has certain qualities of head and heart that make him stand head and shoulders above his classmates. He has it in him to carve a niche for himself in his career. Thus, he has my highest endorsement for admission to his desired program at your university. If you have any questions about this recommendation, please do not hesitate to contact me.

Dear Pranav,

It is with a great sense of pride that I welcome you to the University of Maryland's Graduate School. The university is committed to offering programs that combine rigorous academic and technical preparation in a nurturing, diverse, and engaging environment. Our graduate programs are designed to prepare graduates for a wide range of opportunities in local, national, and international settings.

I am pleased to offer you admission to the Master of Engineering program in Robotics - Professional for Fall 2021. This admission comes with the condition that you complete an Advanced English Writing Course during your second semester of study.

Your tuition and charge-differential classification: Out-of-State

Your condition(s) of enrollment:

- Submission of final official baccalaureate transcript(s) from all previous institutions by the end of the first semester of study.
- Completion of the Advanced English Writing Course during the second semester of study.

Each required transcript (except from the University of Maryland College Park) must show the date and conferral of the awarded degree. If your transcript does not state that a degree was granted, an attested copy of your diploma/degree certificate is required. Future registration will not be possible without the receipt of these documents.

Please follow each step in the Checklist for New Students to prepare you for your first semester at the University of Maryland. All full-time graduate students are required to have health insurance. If you will not be covered under someone else's plan (a parent or spouse), please explore your health insurance options before the term starts.

It is important to accept or decline this admission offer. Your University ID (UID) is 118393711. You will need this number for registration and other administrative purposes. The International Student and Scholar Services will contact you directly regarding the visa process.

Again, we welcome you to the University of Maryland, with our best wishes for a successful and rewarding graduate experience.

Sincerely,

Steve Fetter
Associate Provost and Dean of the Graduate School

LETTER OF RECOMMENDATION

I am delighted to endorse the candidature of Mr. Pranav V Limbekar, to your graduate program. As Associate Professor in the mechanical engineering department at All India Shri Shivaji Memorial Society's College of Engineering, Pune, I have interacted with him in his final year of the bachelor of (Mechanical) Engineering Program.

I taught him 'Mechanical System Design' in semester VIII in which I observed his ability in comprehending technical aspects of the subject and efficiently applying them in practical work. He would take a keen interest in his work and exhibited very good grasping power, performing well in the laboratory as well as in classroom sessions.

As a part of the course, he completed a mini project to design a conveyor belt under my guidance and supervision. While working on the project he came up with some innovative ideas and also had effective communication with his team members, which enhanced the overall output of the work. He was inclined towards learning new things which helped him to improvise whenever he got stuck with any problem. Pranav worked well as a team and always kept the goal of the project before everything else.

His abilities were not confined only to the class. In addition to academics he was actively involved in various extracurricular activities and frequently participated in numerous competitions and events during the college fests. Given his fine people skills and ability to take everyone along, he was respected and liked by his peers.

I see a bright future for Pranav and I am confident of his ability to face the rigors of higher studies. Therefore, I recommend him for admission to the master's program at your esteemed university. I wish him all success.

Letter of Recommendation

It is with pleasure that I am writing this letter of recommendation for Mr. Pranav V Limbekar to support his application for your master's program. I taught him 'Design of Machine Elements (DME)' in the third year.

Based on my observations, I can attest that he is a diligent, competent, and sincere student with the potential to achieve his goals. He did not hesitate to bring queries related to coursework.

He is a keen observer and has the requisite aptitude to take up and complete the given task or assignment in the field he is passionate about. During the lectures and practical sessions, I found Pranav deeply interested in understanding the fundamental concepts of the subject. His alertness and complete involvement showed his desire to persevere and excel in this field.

In the practical sessions of DME, groups were formed and assigned different tasks; Pranav's group was assigned a task to design a gearbox of an escalator. During this assignment, he showed effective participation and great communication skills and contributed undivided attention to complete the assigned task. He was efficiently able to apply theoretical knowledge from the subject to practical work.

In addition to his academics, he also volunteered in various sports as well as cultural events and showed appreciable management skills and teamwork, and was well-liked by his peers. He participated in different workshops such as ATV room by SAE India as also personality development and soft skill programs conducted by the college.

In conclusion, considering his strong background in the field, I wholeheartedly recommend him for the graduate program and wish him all the best. If I can help you any further regarding this recommendation, please feel free to communicate with me.

Letter of Recommendation

I am writing this letter of recommendation in support of Mr. Pranav V Limbekar who is applying to the master's program at your esteemed university. I have known Pranav in my capacity as his teacher for over three years during which, I taught him 'Turbo Machines' and 'Fluid Mechanics' – both the theory and the laboratory components - and supervised his major project.

In the above courses, 'Turbo Machines' and 'Fluid Mechanics' he worked hard and put in a decent performance. He was always attentive and sincere in the classroom as well as the laboratory. Throughout his course of study, Pranav showed great interest in practical aided learning techniques and often spoke of his passion for automation and sustainability. He would wonder which courses to study at the higher level in order to pursue his passion. Through my observation, I would say that he is attentive and studious and possesses a positive attitude towards academics.

For his project 'Designing a Self-energizing Fan', he aimed to make use of electromagnetic energy to energise a fan. As his project guide, I observed tremendous growth in his skills such as teamwork, working with electrical components, designing the model over the duration of project. Pranav worked with minimum supervision and proactively consulted me if he had any new ideas or doubts regarding the project.

One of the qualities I appreciate in Pranav is his level of involvement and enthusiasm for anything he did; whether it was course work, lab work, industrial visits, voluntary work, project work, or organizing events, he never lacked zeal or patience. This positive attitude made him very good team worker.

I am confident that he will do extremely well in his chosen field of education. I, therefore, strongly recommend him as a graduate student for your esteemed institute and wish him all the best. Please feel free to contact me for any information in this regard.

Dear Mr. Badhe:

I am glad to inform you that you have been selected for admission to IIM Ahmedabad's two-year Post-Graduate Programme in Management (PGP) (the student shall be awarded a degree of 'Master of Business Administration (MBA)' on successful completion of this programme) for the session beginning **July 31, 2020**. The offer of admission to the programme is provisional subject to your fulfilling the following conditions:

1. Your written acceptance of this admission offer and the receipt/transaction slip of payment of acceptance fee of Rs. 100,000/- (to be remitted directly to the bank account, using the link: <https://web.iima.ac.in/web/190>) must reach Admissions office by **Friday, May 29, 2020**. Please use Annexure III for communicating your acceptance of this admission offer. In case you do not join the Programme, the acceptance fee will be refunded as per the prevailing institute norms.
2. You must report personally for registration at the Institute on **Friday, July 31, 2020** at 10.00 a.m. and comply with the following:
 - a) Submit the original mark-sheets of all examinations such as Secondary, Higher Secondary Schools and year-wise mark-sheets and degree/passing certificate of Bachelor's degree and others, if any, along with photocopies (enough sets of photocopies may be kept with you for immediate future use) and ensure that there is no discrepancy in the information given by you during various stages of the admission process.
 - b) If you are in the final year of the Bachelor's degree course at the time of registration for the Post-Graduate Programme in Management and your results are not declared by this date, submit a certificate from the Principal/Head of the Department/Registrar/Director of your College/Institute (issued before **July 31, 2020**) that you have completed all examinations and requirements (such as theory and practical exams, practice school, assignments, projects) for obtaining the Bachelor's degree. Use Annexure IV for this certificate. Further, you are required to produce the mark-sheet and a certificate of having passed the Bachelor's degree/equivalent qualification referred to in the certificate issued by the Principal/Head of the Department/Registrar/Director of your College/Institute with at least 50% marks {45% in case of candidates belonging to SC/ST/PwD category} on or before **December 31, 2020**. It is mandatory for the final year students, who are provisionally admitted, to submit the mark-sheet and degree certificate of the final year Bachelor's degree examination held on or before July 31, 2020, meeting the eligibility criteria for admission. In other words, the final year mark-sheet and degree certificate that you submit should pertain to only the final year examination held on or before July 31, 2020 and not beyond. Please note that you should not take any other examination including supplementary examinations after July 2020 to be eligible for admission to the Post Graduate Programme batch 2020-22. The deadline for submission of mark-sheet and degree certificate is December 31, 2020.
 - c) Submit the original NC-OBC certificate along with a photocopy if you belong to Non-Creamy Other Backward Class/Community. Use Annexure VI for this purpose.
 - d) Submit the original Caste/Tribe certificate along with a photocopy if you belong to Scheduled Caste/Scheduled Tribe. Use Annexure V for this purpose.
 - e) Submit the original Disability certificate along with a photocopy if you belong to Persons with Disabilities (PwD) Category. Use Annexure VII for this purpose.
 - f) Submit the original Income and Asset certificate along with a photocopy if you belong to EWS Category. Use Annexure VIII for this purpose.
 - g) Submit a certificate from a Registered Medical Practitioner that you are physically and mentally fit for pursuing studies at the Institute and that you do not suffer from any chronic or contagious disease. Use Annexure IX for this purpose. You will also have to submit a certificate stating that you have been vaccinated against Hepatitis A. Use Annexure X for this purpose.

- h) If you have been employed, you have to submit proof (bonafide certificate) of your employments along with relieving letter from the last employer.
 - i) Submit a photocopy of your Aadhaar card.
 - j) At the time of registration, you are also required to produce an original and valid photo identity card, such as Aadhaar Card/Driving License/College Identity Card/Passport/Election Card/PAN Card/Any Other issued by a competent authority.
3. Please refer to Annexure I for the fee structure.

Please note that non-fulfillment of any of the above conditions shall automatically result in cancellation of provisional admission. The decision of the Institute shall be final.

For additional information, please see the enclosed folder titled 'Information for Students'. I request you to send us your written acceptance and the enclosures by post as soon as you receive this letter.

The Institute would like to encourage candidates who are either in their final year of Bachelor's degree course or have less than two years of work experience to apply for deferment of admission. The deferment policy is enclosed for your information.

We look forward to having you with us here for the PGP batch 2020-22 and wish you all the best for a successful future career.

Yours sincerely,

LETTER OF RECOMMENDATION

As an Assitant Professor of Computer Engineering, All India Shri Shivaji Memorial Society's College of Engineering, Pune, I have known Miss Vinaya Salunkhe for the past one and a half years. She made steady progress in her studies and obtained her degree with a distinction in the final year.

Besides doing well in her academics, she participated in various campus activities that brought out the best in her. I worked with her as one of the two mentors for preparing the students to participate in the Smart India Hackathon 2019 Hardware edition (SIH). When Vinaya approached me at the initial stages of the project to automate a storage bay, she had done impressive research on the technology stack.

Following our first meeting, the team worked on the project for the next four months. The competition required them to record their project in the development stages and forward the presentable content for evaluation. All the team members had innovative ideas, and Vinaya showed a keen interest in software and electrical hardware systems. She did not deter from the challenges and tried to learn and accommodate every concept the team had decided to add to the system. The project passed through all the preliminary filters and made it to the final round. The finale was a 120-hour long format, and the competition was some of the best in the country. It was indeed an excellent achievement for the team to emerge as the national winner for providing an effective solution to the problem statement posed by the National Aluminium Company. The team being an inspiration to many students, conducted an internal hackathon for 216 participants. Vinaya played the lead role in planning and organizing the hackathon.

Apart from Hackathon, Vinaya actively participated in college events and also is a core member of the sports teams. She is a critical player in the college Basketball team that won the national award at inter-university engineering tournaments. Even though she is a student of the mechanical engineering department, she has worked in close association with me and has endeavored to learn new concepts and their applications.

Vinaya's attitude towards adversity in her work, ability to make a precise judgment, ability and willingness to learn new things, and determined will to accomplish the given task make her capable of succeeding in any challenge. I would recommend her without reservations to the graduate program at your esteemed university and wish her well for her studies and future career.

LETTER OF RECOMMENDATION

I knew Vinaya Salunkhe as one of our proficient students in my position as the Head of the Department, I came to know her better as her mentor and teacher in the Metrology and Quality Control lab (MQC).

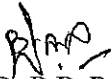

She exhibited a good grasp of the subject throughout the semester. She did not hesitate to bring queries related to curriculum and beyond the academic scope and would always make enough considerations to ensure they were genuine. Her 'A' grade scores in the MQC lab reflect her dedication to studies.

I appreciated her improvement in academics over the years. Along with academics, she participated in competitions such as the ISHRAE quiz competition, many inter-department competitions, and co-curricular events to benefit from her student years. In her sixth semester, Vinaya, along with her team participated in 'Smart India Hackathon' (a national level competition) and were announced as winners of the competition with a cash prize of INR 1,00,000 and a memento.

The Department remembers her role as a core member of 'Entrepreneurship Development Cell', which had a laidback existence for a few years till then. Vinaya took a lot of effort to bring back the cell into the limelight by organizing various programs, quizzes, and competitions throughout the year to benefit the entire student community of the engineering department.

Vinaya also represented the Department in sports and brought laurels to basketball and table-tennis. She struck an excellent balance between her studies and campus involvements, which assisted her in gaining a well-rounded development. She proved herself to be a perfect anchor and a volunteer for organizing events that spoke well about her interpersonal skills, high confidence, and abilities for proper planning and execution.

Vinaya has been a successful student in her undergraduate studies and demonstrates the necessary skills and capabilities to adapt to an advanced international educational environment in a Master's program. I recommend her strongly to your university and wish her well for her studies and future career.

LETTER OF RECOMMENDATION

I am pleased to write a recommendation for Miss Vinaya Salunkhe, one of my undergraduate students, to assist her application to a Master's program in Industrial Engineering at your esteemed university. I have known Vinaya for the past one and half years.

In her final year, I taught her Mechanical System Design, in which she gained good fundamentals. As a part of the course, she designed a vertical pressure vessel under my guidance and supervision. She executed the assignment in a very competent manner, which convinced me about her strong implementation skills. She can look at the problem from a broader perspective. Though the project was related to coursework, it required an intensive study of the subject from several reference books and research papers. Her analysis, dedication, and determination for carrying out the project resulted in the excellent quality of execution and the report she submitted. The 'O' (Outstanding) grade she obtained for this work acknowledges her ability to think logically and analytically and sound knowledge of mechanical concepts and design in her coursework.

Apart from the academics, she has also organized a seminar about 'Women Hygiene Awareness' under my guidance, which was a real success as we received an overwhelming response. She displayed excellent communication and management skills while implementing all her assignments. Simultaneously, she participated in sports and other cultural events and majorly contributed to the Department's success in competitions.

I appreciate her enthusiasm and involvement in all activities, be it course work, lab work, industrial visits, and managing and organizing events, and she never lacked the energy and zeal. Vinaya was a promising student with good social skills and bonds quickly. Her strengths can add value to the Master's program in Industrial Engineering of your esteemed university. I recommend her strongly to your program starting in fall 2021 and wish her well.

Dear Abhishek Dyade:

On behalf of President Steven C. Currall, the USF Board of Trustees, and the faculty, staff, and students of the University of South Florida CONGRATULATIONS on your official admission to the University of South Florida Tampa Campus. We welcome you to the Master of Science in Mechanical Engineering degree program in Mechanical Engineering for the Fall 2021 semester. Based on our most current information, your residency classification for tuition purposes is Non-Florida Resident, International.

For information about Florida residency, New Graduate Orientation, and to learn about the next steps to enroll as a graduate student, please visit Admitted Graduate Students Checklist webpage at admissions.usf.edu/grad-checklist.

You have been **provisionally admitted** because we are missing the following item(s). To remove the provisional status, please submit the following as soon as possible, and no later than the end of your first semester of enrollment:

Diploma/Grad Certificate Awarded or Conferred
Final Official College Transcript with Bachelors degree University of Pune

Also, international students must complete the immigration check-in process. As an international student, you will receive an email with details on how to access iStart, the university's system for immigration documents and tasks.

Again, I congratulate you on your admission to the University of South Florida. I wish you every success in your pursuit of academic excellence.

Sincerely,

Glen Besterfield, PhD

Dear Ritwik Prasad,

Welcome to Kettering University! Congratulations on your official acceptance to the MS in Engineering - MEN program for Fall 2021.

Kettering University is a global leader in applied research, mobility, and automotive technology. The faculty at Kettering are world-class, actively engaged in research, and perfectly-suited to train the engineers and tech-savvy business leaders of the future.

As a graduate student at Kettering University, you will have access to cutting-edge research instrumentation and facilities. Within the campus footprint, Kettering University has constructed the 21-acre state-of-the-art GM Mobility Research Center. This facility can be utilized for numerous dynamic testing measurements and, combined with a dedicated wireless cellular research network, it is ideal for V2X development and testing. There is also an industry recognized crash lab facility giving Kettering University a truly unique research capability. Since 2012, Kettering faculty have received twelve Major Research Instrumental awards from the National Science Foundation, more than any other Michigan-based institution of higher education in this period.

A Kettering graduate education is designed to not only prepare you for a productive career but also provide a transformational life experience. Imagine participating in an industrial or government-funded research project, working as a full-time paid intern with one of Kettering's leading industrial partners, being part of a student-led competition such as the AutoDrive Challenge, and networking with Kettering alumni, many of whom (1000+) are currently serving as C-level executives.

Funding your graduate education has never been easier. In addition to optional paid Graduate Internships, Kettering University offers a number of financial resources and programs. The Graduate Assistantship (GA) program, for example, provides support in the form of teaching or research assistantships and stipends. Kettering Graduate Tuition scholarships are also available on a competitive basis to highly qualified students.

Welcome to Kettering University. As Graduate Dean, I look forward to seeing you on campus in the near future.

Sincerely,

Scott W. Reeve, PhD

Dear Mr. Asolkar:

We have carefully reviewed your application for admission to the University of Michigan-Dearborn. We are pleased to inform you that the Automotive Systems Engineering graduate committee is offering you admission to the following program in the College of Engineering and Computer Science.

Program: Automotive Systems Engineering (MSE-ASE)
Term: Fall 2020

Student ID Number: 62791989
Residency Classification: out-of-state

You must submit your final official transcripts and diploma with degree posted and conferral date to the Office of Graduate Studies by the end of your first term. A hold will be placed on your account and you will not be able to register for courses beyond Fall 2020 until this is received.

For further information, please review www.umdearborn.edu/grad_admitted. You will receive an email with instructions that will guide you through the process of creating your unique name and password. You will use this information to log in to register for classes. Your unique name will also be your student email address. If you wish to change your term of entry, please contact the Office of Graduate Studies for deferral options at umd-graduatestudies@umich.edu.

We are looking forward to you joining our program and hope that we can make your educational experience both pleasant and rewarding. If you have any questions, please feel free to contact the ASE graduate program coordinator at jjboyd@umich.edu.

Sincerely,

Taehyun Shim

Mr. Ritwik Prasad Asolkar
B-403, Kool homes, Behind Maratha mandir NDA-Pashan Road, Bavdhan
Pune, 411021, IN

Dear Mr. Ritwik Prasad Asolkar:

Congratulations! It is my pleasure to offer you provisional admission to Clemson University's Graduate School for the MS program in Automotive Engineering for Fall 2021.

Our records indicate that we do not have official documentation confirming that you have received your degree(s). You must provide the Graduate School with final official transcripts for your bachelor's and any subsequent degrees. They must state the degree earned and date awarded. Additionally, for students enrolled at institutions outside of the United States, an official copy of a diploma or a degree certificate issued by the institution and showing receipt of all degrees and dates awarded may be needed, if not stated directly on the final official transcript. Please note that this provisional acceptance does not hinder you from registering for classes. However, your official documentation must be provided to the Graduate School before the end of your first semester of graduate study. A registration hold is placed on students who have not submitted all final-official transcripts.

We are very much interested in learning whether you plan to accept our offer of admission, so please indicate your decision to accept or decline our offer as soon as possible. You may do this through the application portal by clicking the "Complete Your Decision Form" button. You can review the projected tuition and fees for your program in the link below. This is simply an estimate. Final charges for the academic year will be determined in June. Link: <https://www.clemson.edu/graduate/protected/>. Login: tiger. Password: transformation.

Specific questions regarding assistantships or fellowships, registration, and prerequisites should be directed to faculty and staff in the program. Please note that some graduate programs have academic or professional requirements or prerequisites. It is your responsibility to understand the requirements of the degree program as described in the graduate program handbook and to consult with the department if necessary to verify satisfaction of those requirements. Contact information for representatives of all graduate programs is available at: <http://www.clemson.edu/graduate/academics/program-contacts.html>.

Enrollment at Clemson University is contingent upon verification of your lawful presence in the United States, pursuant to South Carolina Code of Laws, Section 59-101-430. For additional information, please visit <http://www.clemson.edu/graduate/files/pdfs/sciact.pdf>. In addition, please visit: <http://www.clemson.edu/graduate/students/new-student-to-do.html>. This website contains pertinent information to assist you as you make preparations to begin your graduate studies at Clemson University.

Again, congratulations on your admission. We look forward to welcoming you as a member of Clemson's community of scholars.

Sincerely,

David S. Fleming, PhD

Subject: Provisional Admission Letter to M.Tech. Design Engineering offered at MIT-WPU Faculty of Engineering and Technology for Batch 2021-2023

Dear **Tanishq Parag Bhurke**,

Greetings from MIT World Peace University, Pune! Your Life Transformation begins here!

We are pleased to convey our heartfelt congratulations to you for successfully completing the admission process. You have been provisionally selected for **M.Tech. Design Engineering** for the academic year 2021-2022.

At MIT-WPU, we are committed to make your learning experience profoundly enriching and for shaping you as a dexterous professional. By completing provisional admission requirements of MIT-WPU, you will be joining one of the top Universities in India and a study program that is industry aligned. This also ensures that you are a step ahead of others whether you choose to join the industry or pursue higher studies. MIT-WPU has the legacy of imparting 'Value Based Universal Education' known for creating Winning Personalities.

A testimony to this is our highly placed alumni network, working globally.

At MIT WPU, you will find yourself transformed into a well-groomed professional due to programme academic rigour, various opportunities to participate in high impact events, conferences, conclaves and enriched experiential learning through Industry Visits, Rural Immersion Programs, and National Study Tours & International Immersion Programs.

Our Trimester Pattern for study program ensures that students maximize their knowledge on campus with adequate blend of learnings in Theory, Practice and Innovation. We recommend that each student of MIT WPU should have a laptop for maximizing the benefits of learning.

MIT-WPU follows all the advisories issued by government & hence takes extreme precautionary measures in the present COVID-19 situation. Your entire admission process is online avoiding your visit to campus.

Your provisional admission will be secured only after paying the first instalment. Your secured admission will confirmed subject to fulfilment of eligibility criteria. Accordingly, please complete your Online Self-Registration process by using the credentials as mentioned below.

in the Department of Chemical Engineering during 2021-22 (July 2021) - Reg.

Ref: M.Tech. Online Application No. 86206

Dear Candidate,

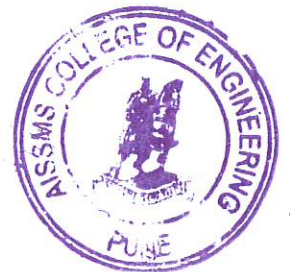

1. We are pleased to inform that you have been provisionally selected for admission to the M.Tech Program in the Department of Chemical Engineering IIT Hyderabad under MHRD funding and General Category.
2. If you wish to accept the offer, you are required to pay a seat acceptance fee (Rs.10,000/- for Gen/OBC/EWS and Rs.5000/- for SC/ST/PWD) on or before 13th July, 2021 (Tuesday). This fee will be adjusted against the balance fee to be paid by you upon joining at the time of registration. For Fee structure details, please visit our website at the link: <https://iith.ac.in/academics/fee-structure/>

The fee structure is subject to revision from time to time and the updated fee structure for the Academic year 2021-22 will be uploaded at the link above.

The fees can be paid through SBI collect at:

* Normalized marks for Civil Engineering (CE), Computer Science and Information Technology (CS) and Mechanical Engineering (ME) Papers.

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard.

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \hat{M}_{ij} was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions

M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.
