7.6 SWOC ANALYSIS

Five major strengths, weaknesses, opportunities, and challenges (SWOC) of the department and future plans of the Department.

Strengths:

1	Experienced, committed and qualified faculty
2	Well equipped laboratories
3	Good faculty retention ratio
4	Adequate non teaching staff members
5	Good students Projects

Weaknesses:

1	No consultancy
2	No sponsored projects
3	Less quality publications
4	Less financial power to HOD
5	No industry sponsored lab

Opportunities:

1	Qualification up-gradation of faculty
2	Acquiring funds for Sponsored research
3	Establishing MoU with Core Industries

4	Promoting the spirit of Entrepreneurship
5	Establishing a strong connect with Alumni students

Challenges

1	Competition with other institutes to attract meritorious students
2	Placement of students in core companies
3	Obtaining stakeholders' involvement for improving the teaching learning processes
4	
5	

7.7 FUTURE PLANS OF THE DEPARTMENT (For Next Academic Year)

1	To apply for autonomy
2	To increase MOUs signed with industries
3	To fetch consultancy from industry
4	
5	

7.8 INITIATIVES TAKEN BY THE DEPARTMENT AT DEPARTMENT AND INSTITUTE LEVEL TO IMPROVE AND ASSURE QUALITY IN THE FOLLOWING AREAS

Academics and overall profile of Department	The faculty members are instructed to follow the academic schedule of tests and assignments.They encourage the students to participate in intercollegiate technical activities like paper presentation, poster competition and quizzes.Students are encouraged to go for industrial implant training and get industry sponsored projects.
Organization of different activities	Students organize several activities and conduct it successfully. Also FDPs and workshops are arranged.
Research and Innovation	The faculty members publish articles in reputed journals, and attend FDPs conferences for upgradation. Faculty members have published patents.
Industry institute Interaction	The OFOI culture is very useful. The industries support in visit permission and sharing of personnel for expert talks
Students' Achievements	Students are encouraged to enroll for various certification courses like NPTEL, Coursera, Udemy. Our students also work in Efficycle, BAJA team. They also participate in cultural and sports activities.

Active Student Chapter/Clubs

7.5 MAJOR GRIEVANCES OF STUDENTS (IF ANY) REDRESSED

7.6 SWOC ANALYSIS

Five major strengths, weaknesses, opportunities, and challenges (SWOC) of the department and future plans of the Department.

Strengths:

1	**Experienced Faculty**
2	Effective Teaching Learning Process
3	Industry Institute Interaction
4	Center of Excellence
5	Active Student Chapter/Clubs

Weaknesses:

1	**Consultancy**
2	Research Grants

AISSMS COLLEGE OF ENGINEERING PUNE-1

3	Less number of Industry sponsored laboratories

Opportunities:

1	**To Increase Research and Development.**
2	To increase the number of Training Programs
3	To increase the number of Consultancies and funded Projects.
4	To increase number of Ph.D. faculties
5	To increase Research publications of faculties and Students

Challenges

1	To cope up with Dynamic changes in technology
2	To improve number of Patents and Copyrights
3	To increase Placement in core Industries

7.7 FUTURE PLANS OF THE DEPARTMENT (For Next Academic Year)

1	To be NBA Accredited
2	To increase Industry sponsored Laboratories
3	To Launch certificate courses
4	To Strengthen Industry Institute Interaction

7.8 INITIATIVES TAKEN BY THE DEPARTMENT AT DEPARTMENT AND INSTITUTE LEVEL TO IMPROVE AND ASSURE QUALITY IN THE FOLLOWING AREAS

Area	Initiatives
Academics and overall profile of Department	Conducted Webinars and Expert Talk organized on Technical Topic
Organization of different activities	Motivated Students to Participate in Various Sports and Cultural activities
Research and Innovation	Motivated students to participate in NSS and various Social Programs
Industry institute Interaction	Strengthened Departmental Student Clubs/Chapters

7.4 TWO BEST PRACTICES FOLLOWED IN THE DEPARTMENT

Developing Teaching-Learning Materials: The department prioritizes the development of high-quality teaching-learning materials. This includes creating comprehensive course materials, presentations, and digital resources that are accessible to students. By investing in well-structured and up-to-date educational materials, the department enhances the teaching process, making it more engaging and effective for both faculty and students. Regularly updating these materials to align with the latest developments in the field ensures that students receive the most relevant and valuable education.

Industry-Embedded Projects and Internships: To establish and maintain strong connections with industry, the department encourages students to engage in industry-embedded projects and internships. These experiences provide students with practical exposure to real-world challenges and solutions, allowing them to apply their academic knowledge in a professional context. By collaborating with industry partners, the department ensures that its curriculum remains industry-relevant and that students are well-prepared for future employment. These connections often lead to better placement opportunities for students and foster ongoing collaboration between the department and industry stakeholders.

7.6 SWOC ANALYSIS

Five major strengths, weaknesses, opportunities, and challenges (SWOC) of the department and future plans of the Department.

Strengths:

1	**Liasoning With Industries:** The department's strong relationships with industries provide valuable insights, resources, and potential collaboration opportunities, enhancing students' practical knowledge.
2	**Industry Exposure:** Students benefit from exposure to real-world industry practices, which can better prepare them for the job market and foster a deeper understanding of their field.

3	**Experienced Faculty & Good Retention Ratio:** Having experienced faculty members contributes to the quality of education. A high retention ratio indicates faculty satisfaction and stability, which is crucial for maintaining academic excellence.
4	**Specialized Facilities:** Mention any state-of-the-art facilities or equipment the department has access to, which can further enhance teaching and research capabilities.
5	**Strong Alumni Network:** A strong alumni network can provide mentorship, job opportunities, and financial support to the department.

Weaknesses:

1	**Less Number of PhD Faculty:** To enhance research and academic credibility, the department should focus on recruiting and retaining more PhD-qualified faculty members.
2	**Limited Consultancy and Research Grants:** Insufficient funding for consultancy and research projects hampers innovation and collaboration with industries, hindering the department's growth.
3	**Few R&D Funded Projects:** A low number of research and development funded projects limit opportunities for faculty and students to engage in cutting-edge research.
4	**Outdated Infrastructure:** If there are any infrastructure limitations or outdated equipment, they should be addressed to stay competitive.
5	**Limited Publication Output:** The department's faculty should aim to increase their research publication output, contributing to the academic prestige of the institution.

Opportunities:

1	**Utilization of Industrial Laboratories:** The department can maximize the use of industrial laboratories for practical training and collaborative research **during the students Industrial Inplant Training**
2	**Partnerships Through MoUs:** By entering into Memorandums of Understanding with industries, the department can expand opportunities for training programs, consultancy, and joint projects.
3	**Faculty Qualification and Up-Gradation:** Supporting faculty in pursuing higher qualifications and professional development can enhance their teaching and research capabilities.
4	**Diversify Research Funding:** Explore diverse sources of research funding, including government grants, private organizations, and international collaborations.

COLLEGE OF ENGINEERING
KENNEDY ROAD, PUNE-411 001

5	**Online and Hybrid Education:** Leveraging online and hybrid teaching methods can help reach a broader student base and expand the department's influence.

Challenges

1	**Placement in Core Companies:** Ensuring that students are placed in core companies related to their field of study can be challenging in a competitive job market.
2	**Improving Patents and Copyrights:** Encouraging faculty and students to engage in innovative research and seek patents and copyrights can be a lengthy process and may require additional resources.
3	**Attracting Students for Production Programs:** Attracting students to production programs may be challenging due to changing industry demands and competition from other departments or institutions.
4	**Balancing Research and Teaching:** Faculty may face difficulty in maintaining a balance between teaching and research, impacting the quality of both.
5	**Financial Sustainability:** Securing long-term financial sustainability for the department to support its growth and development is an ongoing challenge. Future plans should address this concern through strategic initiatives and fundraising efforts.

7.7 FUTURE PLANS OF THE DEPARTMENT (For Next Academic Year)

1	**Enhance PhD Faculty Enrollment:** The department aims to enroll a maximum number of faculty members for PhD programs to bolster research and academic excellence.
2	**Strengthen Industry Connections for Placement:** The department will intensify efforts to strengthen its industry connections, facilitating increased placement opportunities for students.
3	**Expand Robotics and Automation Lab:** There are plans to develop and expand the Robotics and Automation Lab, providing cutting-edge resources for research and hands-on learning in this rapidly evolving field.
4	**Implement Smart Classrooms:** The department will implement smart classrooms to enhance the effectiveness of the teaching and learning process, leveraging technology for a more interactive and engaging educational experience.

7.1 ANY OTHER NOTEWORTHY ACHIEVEMENT OF THE DEPARTMENT

Sr. No.	Details
1	The Department of First Year Engineering has created a consolidated website containing information (PPTs, Notes, Question Bank, Videos etc) of all subjects https://sites.google.com/aissmscoe.com/aissms/home?authuser=0

7.4 TWO BEST PRACTICES FOLLOWED IN THE DEPARTMENT

1. PBL Exhibition& Competition and cash prizes to motivate students

2.Focusing on improving the performance of weaker students Extra efforts by faculties for difficult subjects.

7.6 SWOC ANALYSIS

Detail five major strengths, weaknesses, opportunities, and challenges (SWOC) of the department and future plans of the Departments

Strengths	1	Experienced and Qualified Faculties
	2	Well-equipped Laboratories
	3	Well Organized academic monitoring system
	4	Effective Mentoring and Counseling system

Weaknesses	1	No hostel facility in campus
	2	Stringent Academic schedule
	3	Sparse Industry Institute Interaction

Opportunities	1	Scope for Up-gradation in Qualification of Faculties
	2	Scope to fetch more funds for R&D projects

	3	To develop e-classrooms

Challenges	1	Attracting Better Quality Students at entry level
	2	Late joining of some students due to delay in Centralized Admission Process (CAP)
	3	Promoting all students to higher class
	4	Sustaining the expectations of the stakeholders
	5	Short attention span of students

7.7 FUTURE PLANS OF THE DEPARTMENT (For Next Academic Year)

1	Conduction of Parents Teacher Meeting to get factual feedback for strengthening quality of Teaching Learning Process
2	On re-issuing basis, text books, local publication books etc to be circulated among students who cannot afford purchasing it
3	Proposing circulation of old Journals and Magazines of previous years extracted from the library and to be kept in the respective Laboratories for enlightenment and ready use of students and faculty members
4	Model Based and Design Thinking Hands on Experience for the students to be able to put theory into practice

7.8 INITIATIVES TAKEN BY THE DEPARTMENT AT DEPARTMENT AND INSTITUTE LEVEL TO IMPROVE AND ASSURE QUALITY IN THE FOLLOWING AREAS

Area	Initiatives
Academics and overall profile of Department	Department Faculty have conducted lectures, practicals, tests, assignments, orals (TE/BE Students) and Final Exams for the students
Organization of different activities	Department Faculty organize various activities for the students including Seminars, Site Visits etc
Research and Innovation	Faculty members have published various research papers and have encouraged their project students with various research projects
Industry institute Interaction	Seminars, Site Visits have been conducted during the year for the development of the students
Students' Achievements	Arranging Expert lectures to motivate students for participation in various competitions
